Dear Representative,

**Non-Reimbursable Technical Cooperation No. BA-T1095:**  
**An Ambitious Climate Change Agenda for Barbados**  
**Letter of Request**

Reference is made to your email dated April 4, 2023 and subsequent formal correspondence O-CCB/CBA-274/2023 dated May 3, 2023, offering Barbados resources through a Technical Cooperation (TC) BA-T1095 - An Ambitious Climate Change Agenda for Barbados.

The Government of Barbados (GOB) is grateful for these resources as this TC is expected to support climate governance for Barbados to: (i) strengthen capacities for a low carbon and resilient portfolio, including climate finance opportunities; (ii) develop mapping and monitoring capacities for the Nationally Determined Contribution (NDC) follow-up and dissemination of results; and (iii) support the GOB in its international advisory role as part of the climate change and biodiversity agenda.

In this regard, the GOB is hereby requesting the technical assistance from the Inter-American Development Bank (IDB) through the Technical Cooperation BA-T1095 - An Ambitious Climate Change Agenda for Barbados in the amount of US\$200,000.00. This request was approved by the Cabinet at its meeting held on May 11, 2023. The GOB is also requesting that the Executing Agency for the Technical Cooperation will be the IDB.

Representative  
Inter-American Development Bank
