

**“Promoting Transparency and Sustainability in Extractive Industries”**

**A. Detailed Country-specific and Regional Outcomes**

| Prospective Countries/Area                             | C1. Regional extractives map, sector assessments and targeted interventions   | C2. Engagement workshops and analytical framework  | C3. Knowledge Dissemination  | Key partners (external and Internal)   |
|--|---|--|--|--|
| Colombia<br>Perú<br>México<br>Guatemala/DR<br>Suriname | Assessments to characterize and analyze resource endowments, extractive activities/industrial organization (clusters, economic linkages), and governance gaps; stressing the role of transparency in strengthening institutions and operational effectiveness. Support for pilot targeted interventions to improve transparency and sustainability. |  | Public dissemination of country Assessments and regional resources map for consensus building and supporting the improvement of access to information in public agencies.  | <u>External:</u><br>Ministries of Natural Resources and Environment, Energy and Mines, and specialized agencies (e.g., Geological Survey)<br><br><u>Internal:</u><br>INE/ENE, CCS, RND<br>IFD/CTI, FMM, ICS<br>SCF and IIC |
| <b>Projected Costs</b>                                 | <b>\$200,000</b>  |  | <b>\$20,000</b>  |  |
| Dominican Republic<br>Guyana<br>Honduras<br>México     | Support for the preparation of studies relevant to the adoption of transparency and sustainability standards (e.g., EITI, cleaner production, etc.).  |  |  | <u>External:</u><br>Local and Global EITI Secretariats; relevant government agencies.<br><br><u>Internal:</u><br>INE/ENE, CCS, RND<br>IFD/CTI, FMM, ICS<br>SCF and IIC   |
| <b>Projected Costs</b>                                 | <b>\$150,000</b>  |  |  |  |
| Regional   | Regional map to facilitate the illustration and assessment of the economic potential in the region and highlight opportunities to integrate information relevant to the extractives to existing information management platforms supported by the Bank and regional geological services agencies.   | Workshops (in Colombia and Peru with participation from stakeholders at the regional level) and analytical strategy to identify and propose required institutional and regulatory strengthening, including the implementation of the EITI. | Support to knowledge dissemination internally and externally with key stakeholders on issues related to governance in the extractive industries in the LAC region (i.e., revenue management, transparency standards, and sustainability), including research publication and participation/communication in international conferences. | <u>External:</u><br>Ministries of Natural Resources and Environment, Energy and Mines, and specialized agencies.<br><br><u>Internal:</u><br>INE/ENE, CCS, RND<br>IFD/CTI, FMM, ICS<br>SCF and IIC                          |
| <b>Projected Costs</b>                                 | <b>\$80,000</b>   | <b>\$150,000</b>   | <b>\$60,000</b>  |  |
| <b>Sub-total</b>                                       | <b>\$430,000</b>  | <b>\$150,000</b>   | <b>\$80,000</b>  |  |
| <i>Project Management &amp; Contingencies</i>          |   |  | <b>\$120,000</b>   |  |
| <b>TOTAL</b>   |   |  |  | <b>\$ 780,000</b>  |
