The contract was awarded to STCP Engenharia de Projetos Ltda.

STCP Engenharia de Projetos Ltda

Price of contract: US\$ 91,227

Duration: 12 months

The services contracted include obtaining the following outputs: forest vocation land (see [http://www.iadb.org/sds/ENV/publication/publication\\_210\\_4298\\_e.htm](http://www.iadb.org/sds/ENV/publication/publication_210_4298_e.htm)) identified and land cover baseline mapped for selected regions for a total of no less than 200,000 ha in Panama; FVL cover change monitoring system designed and operational procedures established; FVL related regulations reviewed and adjustments proposed including conflicting forest and non-forest policies identified and modifications proposed to assure consistency; FVL policy enforcement procedures reengineered and organizational adjustments proposed; policy rules and other supporting information disseminated in selected regions, including landowners' compliance assistance strategy designed. Limited training will be provided to officials. Terms of reference, guidelines, protocols, and other tools and parameters for project design, execution and evaluation will be produced and disseminated through the Internet. Consultants who submitted Proposals and were not selected may obtain a debriefing either in the form of a meeting or in writing. Contact information to that effect is indicated below.
