

# Social Investment Fund, Stage III

## EL SALVADOR

SECTOR: Social

PROJECT NAME: Social Investment Fund (FIS), Stage III  
(829/OC-ES)

TOTAL COST: \$66.7 million

FINANCING:

IDB	\$60.0 million
LOCAL	\$ 6.7 million

DATE OF APPROVAL: November 16, 1994

GENERAL DESCRIPTION: The objectives of the program are to: (a) mitigate the conditions of poverty in El Salvador; and (b) redefine the institutional role and financial sustainability of the Fondo de Inversión Social de El Salvador (FIS).

The program will finance projects in specific priority sectors under the 1994-1999 Economic and Social Development Plan in the areas of education, health, drinking water and sanitation, community development, environment, electrification and others. The program will also support the institutional strengthening of FIS's operating, administrative and financial procedures, monitoring of completed projects and computer systems.

CONSULTANTS: The FIS institutional strengthening component includes the following consulting services: (a) improvements in productivity; (b) analysis of the organizational structure and updating of job description manuals;

(c) on-site and internship training for FIS technicians in the areas of computer, control and monitoring procedures, internal audits, administration and finance; and (d) the updating, review and revision of manuals used by the Promotion and Evaluation Department.

**GOODS AND EQUIPMENT:** Supplies and equipment will be required for the projects in the areas of education, health, drinking water and sanitation, community development, environment, electrification and others.

**CIVIL WORKS:** Small-scale works will be required for sub-projects envisaged under this program.
