

Country: GUYANA

Project: GEORGETOWN SOLID WASTE DISPOSAL PROGRAM

Sector: Consultants

Abstract: NEW SANITARY LANDFILL DETAILED ENGINEERING DESIGN

Technical Cooperation No. LO-1052/SF-GY

Invitation for Pre-selection

The Inter-American Development is funding the cost of consulting services to prepare the detailed engineering design of a new sanitary landfill for the Georgetown Solid Waste Disposal Program in Guyana. It is intended that the proceeds of these funds be applied to eligible payments under the technical cooperation agreement mentioned above.

The consulting services will consist of:

- *Detailed engineering design of the new sanitary landfill
- *Elaboration of detailed bill of quantity
- *Execution of topographic surveys, geo-technical surveys and soil testing studies
- *Execution of an EIA and public consultation (February 2004), and obtaining EPA's approval on the EIA
- *Elaboration of tender documents for a landfill construction contract
- *Assistance during tender procedure for the construction contract

The Inter-American Development Bank now invites interested parties to present their respective documentation for pre-selection in sealed envelopes, with proof of their legal, technical and financial capacity for the provision of the above-referenced consulting services, and following the requirements indicated in the pre-selection documents attached to this e-mail.

The employer is not responsible for documentation not received thereof on or before the time and date specified for reception of the proposals at 0900 hours on 26 August 2003, in which case they will be rejected and returned unopened.

The documentation submitted by the participating firm for pre-selection will be opened at a public ceremony, in the presence of those firm's representatives who choose to attend, at 0900 hours on 26 August 2003 at the following offices:
