

IDB529-666/05

**Country: GUYANA**

**Program: MAHAICA – ROSIGNOL ROAD REHABILITATION PROJECT**

**Sector: Consultants**

**Abstract: WEIGHT CONTROL PROGRAM**

**Loan No. 1094/SF-GY**

The Government of Guyana has received financing from the Inter-American Development Bank (IDB) for the Mahaica – Rosignol Road Rehabilitation Project. One component of the project is a Weight Control Program. The main objective of this consultancy is to carry out a study into the best options for axle load and gross vehicle weight control and to prepare an appropriate axle load control program for implementation. Following the study and design, it is envisaged that systems and facilities would be put in place to enforce weight control continuously at strategic locations along the rehabilitated national main road network.

The Works Services Group now invites eligible individual consultants from any member country of the IDB to submit their CV's, which must include details of work in the same area of specialization. Terms of Reference (TOR) may be obtained upon request from the address below during normal working hours.

The responsibility for the performance of the duties described in the TOR shall be undertaken by an individual consultant, who shall however be responsible for providing other expertise required such as that of a legal expert.

The individual consultant shall, as a minimum, possess qualifications and experience as follows:

- University Degree in Civil or Mechanical Engineering or equivalent and be a member of a recognized professional body
- Minimum 15 years post-qualification experience
- Extensive experience in implementation of axle load control systems, including weigh-in-motion systems and also extensive experience in road network management, road maintenance and pavement engineering
- Knowledge of EDF, IDB and IDA contract procedures is desirable.
- Previous experience of Guyana would be an added advantage.

The total duration of the study should not exceed 150 days.

Selection will be based on qualifications, relevant applicable experience and availability.

Applicants are required to submit their CV's by 18 November 2005.

Applications, clearly marked at the top left-hand corner "Individual Consultant – Weight Control Programme", must be placed in a sealed envelope addressed to the Coordinator of Works Services Group, Ministry of Public Works (address below). Further information may be obtained from the same office.
