IMPROVING TRANSPORT LOGISTICS AND COMPETITIVENESS IN SURINAME

The Inter-American Development Bank (IDB) has approved a Loan Contract 4828/OC-SU for Suriname for a total amount of USD 45 million. These resources are targeted to finance the Program “Improving Transport Logistics and Competitiveness in Suriname (ITLCS)”, which shall be implemented by the Ministry of Public Works, Transport and Communications (MPWTC) during a period of sixty (60) months.

The main objectives of the Project are to enhance Suriname's competitiveness and logistics performance by improving efficiencies and reducing both costs and time to clear goods at the primary port facility in Suriname. The specific objectives of the program are: (i) improving the infrastructure and operations of the Port of Paramaribo through the provision of port efficient infrastructure, and the acquisition and implementation of equipment and digital platforms to facilitate trade logistics and goods clearance processes; (ii) improving the level of service, capacity, and resilience of adjacent roads and access to the port; and (iii) strengthening institutional capacity to ensure optimal execution, sustainable asset management, and adequate operation.

The project’s implementation includes procurements within the framework of this project, which identifies: (i) procurement processes for Works and Consulting Services related to the development of a logistics center within the port for the classification of cargo and the development of value-added processes, and the implementation of a Port Community System.

ii. procurement processes for Works and Consulting Services for the upgrade and resilience of port’s adjacent road network, and the implementation of Intelligent Transport Systems.

iii. procurement processes for Consulting Services for the development of a Road Management System and Training for various stakeholders.

The Specific Procurement Notices (SPN) for prequalification and bidding processes shall be published in between 2020-2024, pursuant to the Procurement Plan published in *Inter-American Development Bank’s* website. Procurement shall include goods, works, non-consulting services and consulting services for the successful execution and completion of the ITLCS Program.

The SPN for prequalification and bidding processes shall be published according to IDB policies.
