This Expression of Interest (EOI) follows the General Procurement Notice for the Public Sector Smart Energy Programme, which appeared in *Development Business*, with DB reference number - IDB1616-10/14 of 9 October 2014.

The Government of Barbados has received financing from the Inter-American Development Bank (IDB) and the European Union (EU) towards the Public Sector Smart Energy Program “the Program” and intends to apply part of the proceeds of this financing to eligible payments under the Contract for which this Expression of Interest (EOI) is issued.

The general objective of the Programme is to promote the use of Renewable Energy (RE) and Energy Efficiency (EE) measures in the public sector to reduce Barbados’ fossil fuel dependence, promote sustainable energy and therefore contribute to the country’s competitiveness.
