

TC ABSTRACT

I. Basic Project Data

▪ Country/Region:	SURINAME/CCB - Caribbean Group
▪ TC Name:	Support to SWM Modernization Program and Sanitation Improvement in Suriname
▪ TC Number:	SU-T1127
▪ Team Leader/Members:	CAYETANO, EVAN STEPHEN (INE/WSA) Team Leader; WILK, DAVID (INE/WSA) Alternate Team Leader; GANGADIN, RAIJANT AMARNATH (CCB/CSU); CARTIN, IRENE (INE/WSA); GUERRERO RIVERA, MARILYN IVETTE (INE/WSA); CATHALA, CORINNE (INE/WSA); VELASQUEZ RODRIGUEZ, MANUELA (INE/WSA); NEGRET GARRIDO, CESAR ANDRES (LEG/SGO); REYES PANTOJA, MARLE DOLORES (INE/WSA); MANGONES, SARAH OCWIEJA (VPS/ESG); FISHPAW, HEIDI ZOE (VPS/ESG)
▪ Taxonomy:	Operational Support
▪ Number and name of operation supported by the TC:	SU-L1058
▪ Date of TC Abstract:	11 Jun 2019
▪ Beneficiary:	Surinaamsche Waterleiding Maatschappij (SWM)
▪ Executing Agency:	INTER-AMERICAN DEVELOPMENT BANK
▪ IDB funding requested:	\$ 200,000.00
▪ Local counterpart funding:	\$ 0.00
▪ Disbursement period:	24 months
▪ Types of consultants:	Individuals
▪ Prepared by Unit:	Water & Sanitation
▪ Unit of Disbursement Responsibility:	Infrastructure and Energy Sector
▪ TC included in Country Strategy (y/n):	Yes
▪ TC included in CPD (y/n):	No
▪ Alignment to the Update to the Institutional Strategy 2010-2020:	Social inclusion and equality; Productivity and innovation; Environmental sustainability; Gender equality; Diversity

II. Objective and Justification

- 2.1 The TC will support the preparation of the Water Supply Modernization Program (SU-L1058) through financing key analysis, including technical, environmental and social, and other studies necessary for the preparation of the Loan. The TC will also finance studies to define action plans for wastewater and solid waste management.
- 2.2 The Water Supply Modernization Program (SU-L1058), currently in preparation, has the objective to improve efficiency, quality, and sustainability of the potable water services provided by SWM. The specific objectives are: (i) Reduction of NRW levels in the Central and Western Regions; (ii) Increase availability of water supply services in critical areas of Suriname; and (iii) Modernize the operations and management of SWM and the development of a water supply strategy for the hinterland. In addition, as requested by the GOS, and since wastewater and solid waste management are critical to increasing water supply, but are in different agencies in Suriname, this TC will address the need for linkages for proper coordination on wastewater and solid waste management.

III. Description of Activities and Outputs

- 3.1 Component 1. Support for preparation of SU-L1018. Technical analysis for the NRW interventions and water supply expansion; (ii) a technical exchange with the Jamaica water operator to study the NRW program being implemented in Kingston and St. Andrew, and plans for Rural Water Supply which will inform technical aspects for the definition of activities under the proposed Loan; (iii) Environmental and social Analysis for the proposed activities under SU-L1058; (iv) socio-economic surveys to inform project preparation
- Component 2. Wastewater and solid waste management support. This component will finance the definition of an action plan for wastewater treatment and solid waste management for future interventions in the sector.
- 3.2 **Component I: Component 1. Support for preparation of SU-L1018.** Technical analysis for the NRW interventions and water supply expansion; (ii) a technical exchange with the Jamaica water operator to study the NRW program being implemented in Kingston and St. Andrew, and plans for Rural Water Supply which will inform technical aspects for the definition of activities under the proposed Loan; (iii) Environmental and social Analysis for the proposed activities under SU-L1058; and (iv) socio-economic surveys to inform project preparation
- 3.3 **Component II: Component 2. Wastewater and solid waste management support.** This component will finance the definition of an action plan for wastewater treatment and solid waste management for future interventions in the sector. This activity will complement Component 2 of the SU-L1058 Loan were production capacity is expected to increase, having a direct impact in the volume of wastewater generated

IV. Budget

Indicative Budget

Activity/Component	IDB/Fund Funding	Counterpart Funding	Total Funding
Component 1. Support for preparation of SU-L1018	\$ 100,000.00	\$ 0.00	\$ 100,000.00
Component 2. Wastewater and solid waste management support.	\$ 100,000.00	\$ 0.00	\$ 100,000.00

V. Executing Agency and Execution Structure

- 5.1 At the request of the Government of Suriname, this TC will be executed by the IDB. The IDB's Water and Sanitation Division (INE/WSA) will be responsible for the execution of this TC. Supervision of this TC will be the responsibility of the Project Team Leader assigned by INE/WSA, with the support of the Chief of Operations in the IDB's country office of Suriname and the assigned Operations Analyst. INE/WSA will be responsible for procurement of the required services. In accordance with Annex 10 of GN-2629 the justification for IDB execution is that the Beneficiary and the IDB agree that contracting by the IDB would enhance independence of the studies
- 5.2 At the request of the Government of Suriname, this TC will be executed by the IDB. The IDB's Water and Sanitation Division (INE/WSA) will be responsible for the execution of this TC. Supervision of this TC will be the responsibility of the Project Team Leader assigned by INE/WSA, with the support of the Chief of Operations in the IDB's country office of Suriname and the assigned Operations Analyst. INE/WSA will be responsible for procurement of the required services. In accordance with Annex 10 of GN-2629 the justification for IDB execution is that the Beneficiary and the IDB agree that contracting by the IDB would enhance independence of the studies.

VI. Project Risks and Issues

- 6.1 There are no major risks foreseen under this TC. The execution will be simplified by maintaining few procurement processes.

VII. Environmental and Social Classification

- 7.1 The ESG classification for this operation is "C".
