The Inter-American Development Bank (IDB) is executing the above mentioned operation. For this operation, the IDB intends to contract consulting services described in this Request for Expressions of Interest. Expressions of interest must be delivered using the IDB Portal for Bank Executed Operations (<http://beo-procurement.iadb.org/home>) by: February 12th, 2018, 5:00 P.M. (Washington D.C. Time).

The consulting services (“the Services”) include: development of up to date, high resolution baseline information on climate risk and historic urbanization in Georgetown. This information will be collected through the implementation of the core baseline studies from the Bank’s Emerging and Sustainable Cities Program methodology. Specifically, the consultancy includes: (i) a greenhouse gas inventory including a roadmap for mitigation options; (ii) an assessment of disaster risk and vulnerability to the negative impacts of climate change, which will propose measures to reduce risk and vulnerability; and (iii) an analysis of the urban footprint that studies the historical growth of the city and models long term growth scenarios and will provide public policy recommendations for sustainable urban growth.

The estimated timeframe for the performance of such services is within six months. The services should be completed no later than October 2018.

Eligible consulting firms will be selected in accordance with the procedures set out in the Inter-American Development Bank: [Policy for the Selection and Contracting of Consulting firms for Bank-executed Operational Work](#) - GN-2765-1. All eligible consulting firms, as defined in the Policy may express an interest. If the Consulting Firm is presented in a Consortium, it will designate one of them as a representative, and the latter will be responsible for the communications, the registration in the portal and for submitting the corresponding documents.

The IDB now invites eligible consulting firms to indicate their interest in providing the services described. Interested consulting firms must provide information establishing that they are qualified to perform the Services (brochures, description of similar assignments, experience in similar conditions, availability of appropriate skills among staff, etc.). Eligible consulting firms may associate in a form of a Joint Venture or a sub-consultancy agreement to enhance their qualifications. Such association or Joint Venture shall appoint one of the firms as the representative.

Special requirements according to the Donor Trust Fund (DTF), if applicable.

Interested eligible consulting firms may obtain further information during office hours, 09:00 AM to 05:00 PM, (Washington D.C. Time) by sending an email to: Patricio Xavier Zambrano-Barragán, pzambrano@iadb.org
