Under these circumstances, the Bank shall notify the Executing Agency in writing so that it may present its points of view, and after thirty (30) days from the date of the Bank's notice, it may suspend the disbursement or cancel the undisbursed portion of the Contribution.

(b) Pursuant to paragraph (a) above, the parties agree that upon the occurrence of institutional or organizational changes within the Executing Agency, which, in the Bank's opinion, might affect the timely execution of the Program's objectives, the Bank shall review and evaluate the likely attainment of the objectives and may at its discretion, suspend, condition or cancel the disbursements of the Contribution.

Article 18. Arbitration. For the solution of any controversy which may arise hereunder and which is not resolved by agreement of the parties, said parties shall unconditionally and irrevocably submit to the following arbitration procedure and award:

(a) **Composition of the Tribunal.** The Arbitration Tribunal shall be composed of three (3) members, to be appointed in the following manner: one by the Bank, another by the Beneficiary, and a third, hereinafter called the "Referee", by direct agreement between the parties or through their respective arbitrators. If the parties fail to agree on who shall be the Referee, or if one of the parties fails to appoint the Referee, the Referee shall be appointed, at the request of either party, by the Secretary General of the Organization of American States. If either of the parties fails to appoint an arbitrator, he shall be appointed by the Referee. If either of the appointed arbitrators or the Referee is unwilling or unable to act or to continue to act, his successor shall be appointed in the same manner as for the original appointment. The successor shall perform the same functions and shall have the same powers as his predecessor.

(b) **Initiation of the Procedure.** In order to submit the controversy to arbitration the claimant shall address to the other party a written communication setting forth the nature of the

claim, the satisfaction or compensation sought, and the name of the arbitrator it has appointed. The party receiving such communication shall, within forty-five (45) days, notify the adverse party of the name of the person it has appointed as arbitrator. If, within thirty (30) days after delivery of such notification to the claimant, the parties have not agreed upon the person who is to act as Referee, either party may request the Secretary General of the Organization of American States to make the appointment.

In cases of Agreements with Argentina, the parties agree that prior paragraphs (a) and (b), where it reads: "Secretary General of the Organization of American States", it shall read instead: "President of the International Court of Justice."

(c) **Convening of the Tribunal.** The Arbitration Tribunal shall be convened in Washington, District of Columbia, on the date designated by the Referee and, once convened, the Tribunal itself shall decide when it shall meet.

In cases of Agreements with Argentina, the parties agree that this paragraph (c) shall read instead: "The Arbitration Tribunal shall be convened at the place and date it designates and, once convened, it shall meet on the date decided by the Tribunal."

(d) **Procedure.**

- (i) The Tribunal shall be competent only to hear the matter in controversy. It shall adopt its own procedures and may on its own initiative designate whatever experts it considers necessary. In any case, it shall give the parties the opportunity of making oral presentations.
- (ii) The Tribunal shall proceed *ex aequo et bono*, basing itself on the terms of this Agreement, and shall issue an award even if either party should fail to appear or to present its case.
- (iii) The award shall be in writing and shall be adopted with the concurrent vote of at least two of the members of the Tribunal. It shall be handed down within sixty (60) days from the date on which the Referee has been appointed, unless the Tribunal determines that, due to special and unforeseen circumstances, such period should be extended. The parties shall be notified of the award by means of a communication signed by at least two members of the Tribunal. The parties agree that any award of the Tribunal shall be complied with within thirty (30) days from the date of notification and it shall be final and not be subject to any appeal.

(e) **Costs.** The fees of each arbitrator shall be paid by the party which appointed him and the fees of the Referee shall be paid by both parties in equal proportion. Prior to the convening of the Tribunal, the parties shall agree on the remuneration of any other person who by mutual agreement, they deem should participate in the arbitration proceedings. If such agreement is not reached in a timely manner, the Tribunal itself may determine the compensation reasonable for such person under the circumstances. Each party shall defray its own expenses in the arbitration proceedings but the

expenses of the Tribunal shall be divided and borne equally by both parties. Any doubt regarding the division of expenses or the manner in which they are to be paid shall be determined, without appeal, by the Tribunal.

(f) **Notification.** All notifications regarding the arbitration proceeding or to the award shall be made in the manner provided in the present Agreement. The parties expressly waive any other form of notification.

In cases of Agreements with Ecuador, the parties agree that, for the purposes of notification, this paragraph (f) shall read: “All notifications regarding the arbitration proceeding or to the award, shall be made in the manner provided in the Agreement. The parties expressly waive any other form of notification. Notwithstanding the foregoing, any party delivering a notification hereunder must also notify the Attorney General (Procurador General del Estado) of Ecuador.”

I. Objective

- 1.01** The general objective of the Program is to provide support to the Government of Guyana in the process of developing and implementing its REDD+ Strategy.
- 1.02** The specific objectives of the Program are the following: (i) enforce forest-related policies to improve institutional governance in the forest sector; (ii) improve knowledge and understanding of sustainable forest management at community level to improve forest protection and conservation; and (iii) build national capacities in technical key areas to foster forest planning and monitoring.

II. Description

- 2.01** To achieve its objectives, the Program will finance consulting and training services to implement the following three (3) components:

Component 1. National Forest Policy Framework.

- 2.02** Guyana's National Forest Plan of 2001 and National Forest Policy Statement of 1997 are main pieces of the forest policy that will guide the national REDD+ initiative. The review of these main pieces of Policy guidance for the forest sector are essential to capture new and emerging areas in the forest sector, including climate change and REDD+. In the review process as well as on the revised versions of NFP and NFPS to be carried out with all relevant forest stakeholders, the Program will support 20 consultation sessions across the 10 Administrative Regions of Guyana. It will also finance (i) consultancy services to review and update the national forest policy, (ii) design and production of presentation material (handbook), and (iii) transportation and other logistics cost for consultations sessions.

Component 2. Forest Resources Assessment and Resources Management at Community Level.

- 2.03** Under this component it will be conducted a Forest Resource Assessment sampled at a strategic/management level, for all issued State Forest Area for 27 Community Forestry Groups that will cover a total area size of approximately 200,000 hectares. The results of this assessment will enhance the capacities of communities to more effectively carry out sustainable forest management thereby reducing drivers of deforestation and forest degradation. Training and capacity building in key areas of SFM will be carried out in 42 communities to enable then to implement the guidelines of the Guyana Forestry Commission including the Code of Practice, forest management and planning tools. The Program will

finance all costs associated with the field assessment and the training sessions. In addition, the Program will finance: (i) consultancy services for training and capacity building in the targeted forest communities with special attention to Amerindian communities; (ii) an expert for forest inventory and database, as well as transportation, data processing and compilation costs, and (iii) all related logistics costs for the training sessions.

Component 3. Institutional Strengthening of Guyana Forestry Commission.

- 2.04** In order to implement a national mechanism and institutional framework for carbon stock measurement and monitoring activities, capacities need to build in house in areas of technical work on forest carbon assessment and monitoring, research and coordination. The MRVS Roadmap outlines a capacity building plan that identifies the following key areas: (i) develop and implement a national mechanism and institutional framework; (ii) conduct a comprehensive forest area change assessment for a historical period; (iii) build carbon stock measurement capacities; (iv) develop MRV for a set of REDD demonstration activities; (v) engage with international community; (vi) sustained internal communication mechanism on MRV; and (vii) conduct research on key issues. As part of Guyana's effort to provide an enabling environment for the facilitation of REDD+ activities, a REDD Secretariat (RS) has been established within the Guyana Forestry Commission. This body is responsible to coordinate all national REDD+ activities under the direction of the Strategy framework. In executing its function, the RS works closely with the Multi Stakeholder Steering Committee (MSSC) of the LCDS and the National REDD Working Group (NRWG). The Program will support the institutional capacity needs of Guyana Forestry Commission outlined in the R-PP and MRV Roadmap and finance consultancy services for remote sensing and GIS and forest carbon stock and monitoring. The experts will be located in the Guyana Forestry Commission and REDD Secretariat and carry out on the job training. In addition t will also finance travel and logistics costs.

III. Total Cost of the Program

IV. Execution

- 4.01** As execution agency the Guyana Forestry Commission will have the technical and fiduciary responsibility for this operation. The activities will be carried out through its Project Coordination Unit. The Project Unit Coordinator will be responsible for project coordination and administration. The activities at community level, related to component 1 and 2 will be supported by the regional offices, through which the Guyana Forestry Commission is represented in all ten regions of the country, as well as through the Guyana Forestry Commission's mobile units. The institutional strengthening activities of component 3 will be carried out through individual consultants (on the job-training).
