The major aspects of the Program are described in detail in the Annex.

##### **2. CONSTITUENT ELEMENTS OF THE CONTRACT AND REFERENCE TO THE GENERAL CONDITIONS**

(a) This Contract consists of these Special Conditions, the General Conditions, and the Annex, which are attached hereto. If any provision of the Special Conditions or the Annex should present any inconsistency or contradiction with the General Conditions, the provisions of the Special Conditions or the Annex, as the case may be, shall prevail. (b) Rules for the application of amortization, interest, credit fee, inspection and supervision and disbursement clauses, as well as other conditions related to Program execution, are established in detail in the General Conditions. The General Conditions also include general definitions.

##### **3. EXECUTING AGENCY**

The parties agree that the execution of the Program and the utilization of the resources of the financing from the Bank shall be carried out by Ministry of Transport and Works, through the National Works Agency, which, for the purposes of this Contract, shall be referred to as either the "Executing Agency" or "MTW". The Borrower undertakes that the Executing Agency will carry out the activities of the Program in accordance with the provisions set forth in this Contract.

### **CHAPTER I**

#### **Costs, Financing and Additional Resources**

**SECTION 1.01 Cost of the Program.** The total cost of the Program is estimated to be the equivalent of fifty million dollars of the United States of America (US\$50,000,000). Unless

otherwise stated in this Contract, the term "dollars" hereinafter signifies the currency of legal tender in the United States of America.

**SECTION 1.02     Amount of the Financing.** (a) In accordance with this Contract, the Bank agrees to grant to the Borrower, and the Borrower accepts, a "Financing," chargeable to the resources of the Single Currency Facility of the Ordinary Capital resources of the Bank, of up to the amount of fifty million dollars (US\$50,000,000). The amounts disbursed from the Financing shall constitute the "Loan."

(b) The Loan shall be a Single Currency Facility Loan with an Adjustable Interest Rate, and may be converted to a Single Currency Facility Loan with a LIBOR-Based Interest Rate only if such selection is made by the Borrower pursuant to Section 2.03 of these Special Conditions and Article 4.01(g) of the General Conditions.

**SECTION 1.03     Currency Availability.** Notwithstanding Sections 1.02 and 3.01(a), of these Special Conditions if the Bank is unable to obtain access to the agreed upon Single Currency, the Bank may disburse in any other Single Currency of its choice, until such time as it is able to regain access to the agreed upon Single Currency. Amortization payments shall be made in the Single Currency disbursed, and interest and other financial charges shall be those which correspond to such Single Currency.

**SECTION 1.04     Additional Resources.** Pursuant to Article 6.04 of the General Conditions, the Borrower undertakes to contribute in a timely manner with the resources in addition to those of the Loan which may be necessary for the complete and uninterrupted execution of the Program.

## **CHAPTER II**

### **Amortization, Interest, General Inspection and Supervision and Credit Fee**

**SECTION 2.01     Amortization.** The Loan shall be completely repaid by the Borrower by means of semiannual, consecutive, and, insofar as possible, equal installments. The first installment shall be paid five (5) years and six (6) months from the date of signature of this Contract, taking into account the provisions of Article 3.01 of the General Conditions, and the last installment shall be paid no later than twenty five (25) years from the same date.

**SECTION 2.02     Interest.** (a) The Borrower shall pay interest on the daily outstanding balances of the Loan, at a rate determined pursuant to the provisions of Article 3.04 of the General Conditions for a Single Currency Facility Loan with an Adjustable Interest Rate. The Bank shall notify the Borrower of the rate of interest applicable during each Quarter or Semester, as the case may be, as soon as practicable after the determination thereof. If the Borrower elects to change the interest rate alternative of a Single Currency Facility Loan pursuant to Section 2.03 of these Special Conditions and Article 4.01(g) of the General Conditions, the Borrower shall pay interest at a rate determined pursuant to the provisions of Article 3.04 of the General Conditions for a Single Currency Facility Loan with a LIBOR-Based Interest Rate.

Once this selection is made by the Borrower pursuant to Article 4.01(g) of the General Conditions, at no other time during the life of the Loan may the interest rate alternative of the Financing be modified or converted.

**SECTION 2.04      Resources for General Inspection and Supervision.** During the disbursement period, resources of the Financing shall not be allocated to cover the Bank's expenses for general inspection and supervision, unless otherwise established by the Bank during said period as a result of its periodic review of financial charges, in accordance with the applicable provisions of the Bank's policy on lending rate methodology in ordinary capital loans, and the Borrower is notified by the Bank in this regard. Under no circumstance shall there be a charge for this purpose in any semester which is greater than the amount which results from applying 1% to the amount of the Financing, divided by the number of semesters included in the original disbursement period.

**SECTION 2.05      Credit Fee.** The Borrower shall pay a credit fee at a percentage that will be established by the Bank on a periodic basis as a result of its review of financial charges, in accordance with the applicable provisions of the Bank's policy on lending rate methodology in ordinary capital loans; provided that, under no circumstance, may it exceed the percentage contemplated in Article 3.02 of the General Conditions.

## CHAPTER IV

### Execution of the Program

**SECTION 4.01      Procurement of Works and Goods.** Works and goods shall be procured in accordance with the provisions set forth in Document GN-2349-7 (“Policies for the Procurement of Goods and Works Financed by the Inter-American Development Bank”), dated July 2006 (hereinafter referred to as “the Procurement Policies”), which the Borrower, through the Executing Agency, declares to know, and the provisions set forth below.

- (a) International Competitive Bidding: Except as otherwise provided in subsection (b) of this Section, works and goods shall be procured under contracts awarded in accordance with the provisions of Section II of the Procurement Policies and paragraphs 2 and 3 of Appendix 1 of said Policies. The provisions of paragraphs 2.55 and 2.56, and of Appendix 2 of said Policies, regarding the domestic margin of preference when comparing bids, shall apply to goods manufactured in the country of the Borrower.
- (b) Other Procurement Procedures: The following procurement methods may be used for the procurement of works and goods that the Bank agrees meet the requirements established in the provisions of Section III of the Procurement Policies:
  - (i) Limited International Bidding: for the rehabilitation and construction of the Hope River Bridge in accordance with paragraph 3.2 of the Procurement Policies.
  - (ii) National Competitive Bidding: For works estimated to cost less than one million five hundred thousand dollars (US\$1,500,000) equivalent per contract and goods estimated to cost less than one hundred and fifty thousand dollars (US\$150,000) equivalent per contract, in accordance with the provisions of

paragraphs 3.3 and 3.4 of the Procurement Policies and the basic guarantees that bidding procedures must meet, and the following provisions are applied:

- (A) The Borrower undertakes to allow the participation of firms or individual providers of goods and works from Bank member countries, and to declare those firms or individual providers of goods and works from non-member countries of the Bank ineligible to participate in contracts to be financed in whole or in part by the Bank.
- (B) The Borrower, through the Executing Agency, undertakes to ensure that it shall not establish: (1) percentages of goods or services of local origin that must be included, as a bidding requirement, in the bidding documents; (2) margins of domestic preference; and (3) domestic registration requirements for Bank member-country bidders with non-Jamaican nationality, as a condition to pre-qualify or to bid for contracts.
- (C) The Borrower, through the Executing Agency, undertakes to agree with the Bank upon the standard bidding document(s) that shall be used in the National Competitive Bidding procedures for the procurement of goods and works financed by the Bank. The bidding documents shall, among other things: (1) establish that the examination and classification of bidders will be carried out directly by the entity in charge of procurement and in accordance with the bidding documents; (2) clarify that the entity in charge of answering questions related to the bidding documents must do so by sending a response to each recipient of the original bidding documents. The response shall include a description of the observations and clarifying requests made, and shall keep confidential the name(s) of those interested parties that made the observations or clarifications; (3) state that if necessary, the deadline for receipt of bids will be extended for a longer period to allow the bidders to take into consideration the changes made to the bidding documents when preparing the bids; (4) distinguish between errors and omissions that are properly subject to correction and those that are not, with relation to any aspect of the offers. Bidders shall not be automatically disqualified for not having submitted complete information, either unintentionally or because the requirements in the bidding documents were unclear. If the errors or omission in question are subject to correction, generally in the case of issues related to data confirmation, information of a historic nature, or issues that do not affect the principle that bids should be substantially responsive to the bidding documents, the Borrower shall grant the bidder a reasonable period of time to promptly provide the missing information or correct the mistake. Failure to sign a bid or submit a guarantee shall not be reparable. Bidders shall not be permitted to correct errors or omissions that alter the substance of their offer or improve it; (5) include the type of bid security required and determine that it shall be issued by a reputable bank or financial institution of a member country of the Bank duly authorized to

operate in the country. If issued by a foreign bank or institution, it could be, at the choice of the bidder: (aa) issued by a bank with a correspondent financial institution located in the country of the Borrower or, (bb) issued directly, with the consent of the Borrower, by a foreign bank of a Bank member country acceptable to the Borrower; (6) establish that prequalification will be used only for large or complex works, or in any other circumstances in which the high costs of preparing detailed bids could discourage competition if such mechanism is not used; (7) establish that the time allowed for the preparation and submission of bids will be not less than thirty (30) calendar days from the date of the invitation to bid or the date of availability of bidding documents, whichever is later; (8) establish that whenever contracts for procurement may require the inclusion of clauses on price adjustments, these shall be drafted using formulas acceptable to the Bank and following the rules indicated in paragraphs 2.24 and 2.25 of the Procurement Policies; (9) establish that the procedure and criteria for evaluation, including the evaluation stages and the award of contracts, will be carried out following the provisions of paragraphs 2.48 to 2.54 and 2.58 to 2.60 of the Procurement Policies. Regarding the publicity, it could be carried out by the Borrower, in conformity with paragraph 3.4 of the Procurement Policies; (10) establish that after the public opening of bids, and until the notification of contract award to the winning bidder, information relating to the examination, clarification, and evaluation of bids and recommendations concerning awards shall not be disclosed to bidders or other persons not officially concerned with this process; and (11) indicate the proper forum and procedure to resolve protests or complaints that may arise between the Borrower and its contractors or suppliers because of procurement procedures carried out under the Project.

- (c) Additional Procurement Requirements: The Borrower, through the Executing Agency, shall carry out the procurement of works and goods in accordance with the general plans, technical, social and environmental specifications, budgets and other documents required for the acquisition or the construction, and, as the case may be, the specific guidelines and other documents necessary for the call for prequalification or bids; and in the case of works, shall submit to the Bank evidence that it has, with respect to the real property where the works will be constructed, the right of legal possession, easements or other rights necessary to initiate the construction, as well as the riparian rights required for the respective works.

(d) Review by the Bank of Procurement Decisions:

- (i) Procurement Planning: In addition to the requirements set forth in Section 3.03 of these Special Conditions, the Executing Agency, prior to the issuance of any invitations to prequalify or to bid for contracts, shall present the proposed Procurement Plan for the Program to the Bank for its review and approval, in accordance with the provisions of paragraph 1 of Appendix 1 of the Procurement Policies. This plan shall be updated every twelve (12) months during Program execution, and submitted to the Bank for its review and approval. Procurement of all goods and works shall be undertaken in accordance with such Procurement Plan, as it shall have been approved by the Bank, and with the provisions of said paragraph 1 of Appendix 1 of the Procurement Policies.
- (ii) Prior Review: Unless the Bank agrees otherwise in writing, each contract for works and goods shall be subject to the Bank's prior review, in accordance with the procedures set forth in paragraphs 2 and 3 of Appendix 1 to the Procurement Policies.

**SECTION 4.02     Maintenance of Works.** The Borrower, through the Executing Agency, undertakes to: (a) ensure that the works included in the Program be adequately maintained, according to generally accepted technical standards; and (b) present to the Bank an annual maintenance report for five (5) years from the effective date of this Contract and within the first quarter of each calendar year. The annual maintenance plan shall include: (i) details of the organization responsible for maintenance; and (ii) information pertaining to the resources to be allocated for maintenance during the current year and the amount to be allocated in the budget during the following year. If, from the inspections conducted by the Bank or from the reports it receives, it is determined that maintenance does not meet the levels agreed upon, the Borrower, through the Executing Agency, shall undertake the necessary measures to correct these shortcomings.

**SECTION 4.03     Selection and Contracting of Consulting Services.** The selection and contracting of consulting services will be carried out by the Borrower, through the Executing Agency, in accordance with the provisions set forth in Document GN-2350-7 ("Policies for the Selection and Contracting of Consultants Financed by the Inter-American Development Bank") dated July 2006 (hereinafter referred to as "the Consultant Policies"), which the Borrower, through the Executing Agency, declares to know and the provisions set forth below.

- (a) Quality- and Cost-Based Selection: Except as otherwise provided in subsection (b) of this Section, consultants' services shall be procured under contracts awarded in accordance with the provisions of Section II of the Consultant Policies, and the provisions of paragraphs 3.16 through 3.20 thereof applicable to quality- and cost-based selection (QCBS) of consultants. The short list of consultants for each contract for services estimated to cost less than two hundred thousand dollars (US\$200,000) equivalent per contract, may compromise entirely national consultants in accordance with the provisions of paragraph 2.7 of the Consultant Policies.

- (b) Other Methods of Procurement of Consultant's Services. The following methods, other than QCBS, may be used for the procurement of consultants' services for those services which the Bank agrees meet the requirements set forth in the Consultant Policies for their use: (i) Quality-Based Selection (QBS); (ii) Selection under a Fixed Budget (FBS); (iii) Least-Cost Selection (LCS); (iv) Selection Based on Consultants' Qualifications (CQS); (v) Single Source Selection (SSS); and (vi) Selection of Individual Consultants.
- (c) Review by the Bank of the Selection of Consultants:
  - (i) Procurement Planning: Prior to the issuance of any Request for Proposals, the Borrower, through the Executing Agency, shall present the proposed Procurement Plan for the Program to the Bank for its review and approval, in accordance with the provisions of paragraph 1 of Appendix 1 to the Consultant Policies. This plan shall be updated every twelve (12) months during Program execution, and submitted to the Bank for its review and approval. Procurement of consulting services shall be undertaken in accordance with such procurement plan as shall have been approved by the Bank, and with the provisions of said paragraph 1 of Appendix 1 of the Consultant Policies.
  - (ii) Prior Review: Unless the Bank agrees otherwise in writing, each contract for the acquisition of consulting services will be subject to the Bank's prior review in accordance with the procedures set forth in paragraphs 2 and 3 of Appendix 1 of the Consultant Policies.
- (d) The consultants shall perform their work in accordance with the terms of reference previously agreed upon, for each of them by the Executing Agency and the Bank, on the understanding that said terms of reference may be adjusted or expanded during the execution of the Program by mutual agreement between the Executing Agency and the Bank.
- (e) International consultants shall have to perform their work in an integrated manner with the local professional staff assigned or contracted by the Executing Agency to participate in the execution of the Program, with a view to carrying out technical and operational training of such staff by the conclusion of the work.

In the event that there is no uniform rate of exchange for these three types of operations, the highest rate shall be applied, i.e., the rate representing the highest number of units of the currency of such country per dollar of the United States of America.
- (iii) If, on the date on which the payment is due, the foregoing rule cannot be applied because the operations referred to do not exist, payment shall be made on the basis of the most recent rate of exchange used for such operations within the thirty (30) days preceding the respective due date.
- (iv) If, notwithstanding the application of the foregoing rules, the effective rate of exchange for the purpose of determining payment cannot be ascertained, or if discrepancies arise in the determination thereof, the determination of the Bank shall prevail, taking into consideration the realities of the foreign exchange market of the member country concerned.

- (v) If, due to non-compliance with the foregoing rules, the Bank considers that any payment made in the respective currency has been insufficient, it shall so notify the Borrower immediately in order that the latter shall pay the difference within a period not greater than thirty (30) business days from receipt of the notification. If, on the other hand, the sum received by the Bank is higher than that due, it shall return the excess amount within the same time period.

(b) For the purpose of determining the equivalency in dollars of the United States of America of an expenditure incurred in the currency of the Borrower's country, the rate of exchange which is applicable on the date of payment of such expenditure shall be utilized, pursuant to paragraph (a) above. To that end, the date of payment of such expenditure shall mean the date on which the Borrower, the Executing Agency or any natural or juridical person in whom the power to incur expenditures has been vested makes the respective payments to the order of the contractor or supplier.

**ARTICLE 3.07. Disbursements and Payments of Amortization and Interest in Single Currencies.** For Single Currency Facility Loans, disbursements and payments of amortization and interest shall be in the Single Currency of the particular Loan.

Interest payments and amortization installments shall be made in the specified currency in which the participation was granted and on the dates specified in Article 3.01 of these General Conditions. After the final disbursement has been made, the Bank shall give the Borrower and the Participant a schedule of amortization.

**ARTICLE 3.11. Advance Payments.** Upon advance notice in writing to the Bank of at least forty-five (45) days, the Borrower may pay, on one of the interest payment dates indicated in the Special Conditions, any part of the Loan prior to its maturity, provided that on the payment date no sum is owing in respect of fees or interest. Unless otherwise agreed in writing, each partial advance payment shall be applied to unpaid installments of principal in the inverse order of their maturity.

**ARTICLE 3.12. Receipts.** At the request of the Bank, the Borrower shall sign and deliver to the Bank, upon the completion of disbursements, a receipt or receipts for the amounts disbursed.

**ARTICLE 3.13. Transactions Falling Due on Public Holidays.** Any payment or other transaction which, pursuant to this Contract, should be effected on Saturday, Sunday or a day which is a banking holiday according to the law of the place where it is required to be made, shall be considered validly effected if carried out on the first business day immediately thereafter, and in such case no penalty whatsoever shall apply.

**ARTICLE 3.14. Place of Payments.** All payments shall be made at the principal office of the Bank in Washington, District of Columbia, United States of America, unless the Bank designates another place or places for this purpose by written notification to the Borrower.

**ARTICLE 3.15. Renunciation of Part of the Financing.** The Borrower, with the concurrence of the Guarantor, if any, may renounce, by written notice to the Bank, its right to utilize any part of the Financing which has not been disbursed before the receipt of the notice, provided that the amounts foreseen in Article 5.03 of these General Conditions are not involved.

**ARTICLE 3.16. Automatic Cancellation of Part of the Financing.** Unless the Bank and the Borrower and the Guarantor, if any, expressly agree in writing to extend the term for making disbursements, that portion of the Financing not committed or disbursed, as the case may be, within the corresponding term, shall automatically be canceled.

- (iii) cancel, and/or accelerate repayment of, the portion of a loan or grant earmarked for a contract as described in Article 5.02 (b) above of these General Conditions, when there is evidence that the representative of the Borrower has not taken the adequate remedial measures within a time period which the Bank considers reasonable, and in accordance with the due process guarantees of the Borrowing country's legislation;

**ARTICLE 5.04. Non-waiver of Rights.** Any delay by the Bank in the exercise of its rights pursuant to this Contract, or failure to exercise them, shall not be construed as a waiver by the Bank of any such rights nor as acquiescence in events or circumstances which, had they occurred, would have empowered it to exercise them.

**ARTICLE 5.05. Provisions not Affected.** The application of any of the measures provided for by this Chapter shall not affect the obligations of the Borrower established in this Contract, which shall remain in full force and effect, except that in case the entire Loan has been declared due and payable, only the pecuniary obligations of the Borrower shall continue in force.

(b) Beginning with the calendar year following the initiation of the Project and during the period of its execution, the Borrower shall demonstrate to the Bank in the first sixty (60) days of each calendar year that it will have available when needed the resources necessary to make the local contribution to the Project during that year.

Composition of the Tribunal.** (a) The Arbitration Tribunal shall be composed of three members to be appointed in the following manner: one by the Bank, another by the Borrower, and a third, hereinafter called the "Referee", by direct agreement between the parties or through their respective arbitrators. If the parties or the arbitrators fail to agree on who the Referee shall be, or if one of the parties should not designate an arbitrator, the Referee shall be appointed, at the request of either party, by the Secretary General of the Organization of American States. If either of the parties fails to appoint an arbitrator, one shall be appointed by the Referee. If either of the appointed arbitrators or the Referee is unwilling or unable to act or to continue to act, his successor shall be appointed in the same manner as for the original appointment. The successor shall have the same functions and faculties as his predecessor.

(b) If the controversy affects not only the Borrower but also the Guarantor, if any, both shall be considered a single party and consequently shall act jointly in the designation of the arbitrator and for the other purposes of the arbitration proceedings.

**ARTICLE 9.02. Initiation of the Procedure.** In order to submit the controversy to arbitration, the claimant shall address to the other party a written communication setting forth the nature of the claim, the satisfaction or compensation which it seeks, and the name of the arbitrator it appoints. The party receiving such communication shall, within forty-five (45) days, notify the adverse party of the name of the person it appoints as arbitrator. If, within thirty (30) days after delivery of such notification to the claimant, the parties have not agreed as to the person who is to act as Referee, either party may request the Secretary General of the Organization of American States to make the appointment.

**ARTICLE 9.03. Convening of the Tribunal.** The Arbitration Tribunal shall be convened in Washington, District of Columbia, United States of America, on the date designated by the Referee, and, once convened, shall meet on the dates which the Tribunal itself shall establish.

**ARTICLE 9.04. Procedure.** (a) The Tribunal shall be competent to hear only the matters in controversy. It shall adopt its own procedures and may on its own initiative designate whatever experts it considers necessary. In any case, it shall give the parties the opportunity to make oral presentations.

(b) The Tribunal shall proceed ex aequo et bono, basing itself on the terms of this Contract, and shall issue an award even if either party should fail to appear or present its case.

(c) The award shall be in writing and shall be adopted with the concurrent vote of at least two members of the Tribunal. It shall be handed down within approximately sixty (60) days from the date on which the Referee is appointed, unless the Tribunal determines that, due to special and unforeseen circumstances, such period should be extended. The award shall be notified to the parties by means of a communication signed by at least two members of the Tribunal, and shall be complied

with within thirty (30) days from the date of notification. The award shall be final and will not be subject to any appeal.

**ARTICLE 9.05. Costs.** The fees of each arbitrator shall be paid by the party which appointed him and the fees of the Referee shall be paid by both parties in equal proportion. Prior to the convening of the Tribunal, the parties shall agree on the remuneration of the other persons who, by mutual agreement, they deem should take part in the arbitration proceedings. If such agreement is not reached in a timely manner, the Tribunal itself shall determine the compensation which may be reasonable for such persons under the circumstances. Each party shall defray its own expenses in the arbitration proceedings, but the expenses of the Tribunal shall be borne equally by the parties. Any doubt regarding the division of costs or the manner in which they are to be paid shall be determined, without appeal, by the Tribunal.

**ARTICLE 9.06. Notification.** All notifications relative to the arbitration or to the award shall be made in the manner provided in this Contract. The parties waive any other form of notification.

## ANNEX A

### **THE PROGRAM**

#### **Transportation Infrastructure Rehabilitation Program**

#### **I. Objective**

- 1.01** The general objective of the Program is to contribute to the restoration of Jamaica's transportation system allowing the reestablishment of adequate operating conditions through the rehabilitation of vital portions of the primary road network which have been damaged due to storms and to help stimulate economic activity and improve the quality of life of the Jamaican population.
- 1.02** The specific objectives of the Program include: (i) rehabilitation of essential portions of the main road system and ensuring physical continuity of the primary network; (ii) minimize the impact of future flooding on the road system; (iii) help decrease travel cost for road system users which will in turn benefit access to social services and economic spaces; and (iv) strengthening the NWA in order to improve the capacity to strategically address key reform issues towards improved road transport policy and regulation covering routine Maintenance Management System ("RMMS"), Road Maintenance Fund ("RMF") and future road improvement investments on the Southern Coastal Link.

#### **II. Description**

- 2.01** In order to achieve the above-captioned objectives, the Program will finance the following components:

##### **Component 1 – Civil Works**

- 2.02** Under this component roads under the purview of the NWA will be selected for rehabilitation using HDM for the economic analysis and prioritization based on the surface condition and traffic volume.
- 2.03** The scope of work under this component will fall into three groups of works: (i) simple rehabilitative works comprising straightforward works consisting of deep patching, milling, sealing cracks, repairs to longitudinal drains, road markings and median restoration. It will include repair of surface distress, pavement strengthening where eroded and reduction of roughness, reconstruction of inadequate drainage facilities, and retaining walls which will only require simple standard designs and the implementation of the Environmental and Social Management Plan; (ii) complex rehabilitative works comprising bridges restoration, river training, embankment stabilization and sea defense works as well as improvement of geometrical and structural characteristics requiring

detailed designs and more important engineering and environmental studies prior to construction; and (iii) the complete design and replacement of the Hope River Bridge.

#### Component 2 – Project Implementation Support

- 2.04** This component will directly support the hiring of the Program manager, accountant and an environmental expert to manage the day to day technical, socio-environmental, financial and administrative aspects of the Program and the hiring of an engineering and supervisory consultant firm on a competitive basis to monitor and oversee the implementation of the proposed construction of the civil works. This component will also provide resources for minor office equipment and the hiring of financial and environmental auditors and a monitoring and evaluation consultant to respectively conduct the audits and to track and monitor the results of the Program.

#### Component 3 – Technical Studies

- 2.05** Resources of this component will finance studies to strategically address key issues that will assist in continuing the works to improve road transport policy and regulation covering inter alia: the RMMS, and alternative sources of funding to augment the road maintenance fund. Resources will support the hiring of a consultant to assist the Program Manager in determining, managing and implementing strategic interventions to strengthen the governance of road maintenance. Also, this component will provide resources to undertake engineering and environmental feasibility studies pertinent to the rehabilitation of future restoration or improvement of road sections. Amongst the possible studies are: feasibility studies for the Southern Highway Corridor focusing on continuing the main road-network circumscribing the island in keeping with Borrower's strategic development plan for the south coast of the island.

### III. Total Cost of the Program and Financing Plan

- 3.01** The estimated cost of the Program is the equivalent of fifty million dollars (US\$50,000,000), in accordance with the following investment categories and source of financing:

### IV. Execution

- 4.01** The Borrower will be the Government of Jamaica. The Executing Agency will be the Ministry of Transport and Works (MTW) through the National Works Agency (NWA). The Program Executing Unit ("PEU") will be rationalized with the Project Execution Units implementing the Immediate Response Facility Loan 1959/OC-JA, will share resources where possible and will be responsible for the fulfillment of technical, administrative and financial procedures related to the execution of the Program, as well as the planning, monitoring, supervision and evaluation of the Program.
