Dear Mrs. Eileen Blackman:

This letter of agreement (the "Agreement") between the Petherton Trust for Girls and Young Women (the "Beneficiary") and the Inter-American Development Bank acting in its capacity as Administrator of the Japan Special Fund, Poverty Reduction Program (the "Bank"), which we are submitting for your consideration, is to formalize the terms of a grant of a nonreimbursable technical cooperation (the "Contribution") to the Beneficiary, up to the amount of seventy two thousand and one hundred and twenty-five dollars of the United States of America (US\$72,125), which shall be chargeable to the resources of the Japan Special Fund, Poverty Reduction Program for the execution of a technical cooperation program to community cottage and kitchen and enterprises (the "Program"), which is set forth in the Annex of this Agreement. Unless otherwise stated in this Agreement, the term "dollars" shall hereinafter refer to the currency of legal tender in the United States of America.

The Bank and the Beneficiary agree upon the following:

First. Components of the Agreement. This Agreement consists of this part one, referred to as the "Special Conditions"; part two, referred to as the "General Conditions", and the Annex, which are attached hereto. The prevalence between the above-mentioned Sections and the Annex is established in Article 1 of the General Conditions.

Second. Executing Agency. The Executing Agency of this Program shall be the Petherton Trust for Girls and Young Women, hereinafter referred to as either the "Executing Agency," the "Beneficiary" or "CAKE." The Executing Agency certifies its legal and financial capacity to function as such, and undertakes to fulfill all the obligations that result from this Agreement.

ATN/JO-10372-TT

Third. Conditions Prior to First Disbursement. The first disbursement of the Contribution shall be subject to the fulfillment, to the satisfaction of the Bank, of the conditions set forth in Article 2 of the General Conditions.

Fourth. Reimbursement of Expenditures Chargeable to the Contribution. With the consent of the Bank, resources of the Contribution may be used to reimburse expenditures incurred or to finance those that may be incurred in the Program on or after May 2, 2007, and up to the date of this Agreement, provided that requirements substantially similar to those set forth in this Agreement have been fulfilled.

Fifth. Deadlines. (a) The period for execution of the Program shall be twenty four (24) months, from the effective date of this Agreement.

(b) The period for the last disbursement of the resources of the Contribution shall be thirty (30) months from the effective date of this Agreement, which shall include the period required for the payment of independent auditors referred to in Article 11(b) of the General Conditions. Any part of the Contribution which has not been utilized within this period shall be canceled.

(c) The aforementioned deadlines and any others that may be stipulated in this Agreement may be extended, when duly justified, with the written consent of the Bank.

Sixth. Total Cost of the Program and Additional Resources. (a) The Executing Agency undertakes to make timely provision of the resources required, in addition to the Contribution, for the complete and uninterrupted execution of the Program, the "Counterpart Resources." The total Counterpart Resources required is estimated to be the equivalent of seventy thousand dollars (US\$70,000), to make up a sum equivalent to one hundred-forty two thousand and one hundred and twenty five dollars (US\$142,125), which is estimated to be the total cost of the Program. The Counterpart Resources could be provided as an in-kind contribution and could be contributed by the Ministry of Local Government and the Ministry of Social Development, Culture and Gender Affairs to cover the costs of the land and the agriculture, agro-processing and training center. These estimates do not reduce the obligation of the Executing Agency to provide any additional resources required to complete the Program.

(b) The Counterpart Resources provided by the Executing Agency shall be used to finance the cost categories, which are chargeable to it, as established in the Program's budget set forth in the Annex.

Seventh. Recognition of Expenses Chargeable to the Counterpart Resources. This Procurement Plan shall be reviewed by the parties every six (6) months during the execution of the Program, and each updated version shall be submitted to the Bank's approval. The Executing Agency shall implement the Procurement Plan in the manner in which it has been approved by the Bank.

Eleventh. Review by the Bank: Unless the Bank agrees otherwise in writing, each contract for the acquisition of goods and for the contracting of consulting services shall be subject to an ex ante review, in accordance with the procedures established in paragraphs 2 and 3 of Appendixes 1 of Documents GN-2349-7 and GN-2350-7.

Article 1. Application and Scope of General Conditions. (a) These General Conditions set forth terms and conditions generally applicable to all nonreimbursable technical cooperations made by the Bank, and their provisions form an integral part of this Agreement. Any exception to these General Conditions shall be expressly stated in the text of the Special Conditions.

(b) If any provision of the Special Conditions or of the Annex or Annexes should present any inconsistency or contradiction with these General Conditions, the provisions of the Special Conditions or the corresponding Annex shall prevail. In case of inconsistencies or contradictions between the Special Conditions and the corresponding Annex or Annexes, specific provisions shall prevail over general provisions.

Article 2. Conditions Prior to First Disbursement. (a) The first disbursement of the Contribution shall be subject to the fulfillment of the following requirements, by the Beneficiary, directly or through the Executing Agency:

If two or more officials are designated, the designation shall indicate whether they may act severally or jointly;
- (ii) submission to the Bank of a request for disbursement, justified in writing; and
- (iii) presentation to the Bank of a timetable for use of the Counterpart Resources.

(b) If within one hundred and eighty (180) days from the effective date of this Agreement, or within such longer period as the parties may agree in writing, the conditions precedent to the first disbursement established in this Article and in the Special Conditions have not been fulfilled, the Bank may terminate this Agreement by giving notice to the Beneficiary.

Article 3. Disbursement Procedure. (a) The Bank shall make disbursements of the Contribution to the Beneficiary, through the Executing Agency, each time it requests such disbursements and provides justification, to the Bank's satisfaction, for the expenses to be paid with the Contribution resources.

(b) At the request of the Beneficiary, through the Executing Agency, and provided that the requirements set forth in paragraph (a) above, in Article 2 and in the Special Conditions have been satisfied, the Bank may establish a revolving fund with the Contribution resources, which the Beneficiary, through the Executing Agency, shall utilize to cover eligible Program expenses charged against the Contribution. The Beneficiary, through the Executing Agency, shall inform the Bank

about the status of the revolving fund within a period of sixty (60) days from the closing date of each semester.

(c) The Bank may replenish the revolving fund entirely or in part as the resources are used, if the Beneficiary, through the Executing Agency, so requests and presents to the Bank's satisfaction, a detailed statement of expenses charged to such fund, together with the supporting documents thereof and a justification for such request. The detailed statement of expenses shall be submitted according to the catalog of accounts indicated in the Annex of this Agreement, which describes the Program.

Article 4. Expenditures Chargeable to the Contribution. The Contribution shall exclusively finance those eligible expenses which are set forth in the Program budget contained in the Annex that describes the Program. This final request for disbursement shall include the supporting documentation required for payment of the auditing services mentioned in Article 11 of these General Conditions.

(a) The Bank may suspend the disbursements or cancel the Contribution if any of the following circumstances occurs: (i) the failure of the Beneficiary to fulfill any obligation stipulated in this Agreement; (ii) if it is determined at any stage that evidence is sufficient to support a finding that an employee, agent, or representative of the Beneficiary, Executing Agency or Contracting Agency, has engaged in an act of fraud and corruption during the bidding process, negotiation of a contract, or the execution of the contract; or (iii) any circumstance which, in the Bank's opinion, may render unlikely the attainment of the objectives of the Program. Under these circumstances, the Bank shall notify the Executing Agency in writing so that it may present its points of view, and after thirty (30) days from the date of the Bank's notice, it may suspend the disbursement or cancel the undisbursed portion of the Contribution.

(b) Pursuant to paragraph (a) above, the parties agree that upon the occurrence of institutional or organizational changes within the Executing Agency, which, in the Bank's opinion, might affect the timely execution of the Program's objectives, the Bank shall review and evaluate the likely attainment of the objectives and may at its discretion, suspend, condition or cancel the disbursements of the Contribution.

(c) The Bank may cancel the part of the Contribution pertaining to the procurement of certain goods, works or related services, or consulting services, if it determines at any time that: (i) the procurement was carried out without following the procedures set forth in this Agreement; or (ii) representatives of the Beneficiary, Executing Agency or Contracting Agency have committed

The exceptions set forth in this paragraph (g) shall not apply if the Bank determines that acts of fraud and corruption occurred with respect to the procurement of, or the negotiation or execution of the contract for, such goods and related services or consultant services.

It is understood that the granting of the Contribution by the Bank does not constitute any obligation whatsoever to totally or partially finance any program or Program that may be undertaken directly or indirectly as a result of the execution of the Program.

Article 18. Arbitration. For the solution of any controversy which may arise hereunder and which is not resolved by agreement of the parties, said parties shall unconditionally and irrevocably submit to the following arbitration procedure and award:

If either of the parties fails to appoint an arbitrator, he shall be appointed by the Referee. If either of the appointed arbitrators or the Referee is unwilling or unable to act or to continue to act, his successor shall be appointed in the same manner as for the original appointment. The successor shall perform the same functions and shall have the same powers as his predecessor.

(c) **Convening of the Tribunal.** The Arbitration Tribunal shall be convened in Washington, District of Columbia, on the date designated by the Referee and, once convened, the Tribunal itself shall decide when it shall meet.

In cases of Agreements with Argentina, the parties agree that this paragraph (c) shall read instead: “The Arbitration Tribunal shall be convened at the place and date it designates and, once convened, it shall meet on the date decided by the Tribunal.”

(d) **Procedure.**

- (i) The Tribunal shall be competent only to hear the matter in controversy. It shall adopt its own procedures and may on its own initiative designate whatever experts it considers necessary. In any case, it shall give the parties the opportunity of making oral presentations.
- (ii) The Tribunal shall proceed ex aequo et bono, basing itself on the terms of this Agreement, and shall issue an award even if either party should fail to appear or to present its case.
- (iii) The award shall be in writing and shall be adopted with the concurrent vote of at least two of the members of the Tribunal. THE ANNEX

THE PROGRAM

Community Cottage and Kitchen Enterprises

I. Objective

- 1.01** The overall objective of the Program is to train 300 young women between the ages of 14-25 in business and life skills and position them to improve their living standards by becoming self-sufficient through earning income on a continuous basis.
- 1.02** The Program has adopted a multifaceted approach using strategies including skills training and personal development of the young women who are economically and socially disadvantaged. In order to implement these strategies, the Program will foster a trusting relationship with the youth population in order to address the unacceptable anti-social behaviors and so create opportunities for social cohesion and the strengthening of social networks.

II. Description

- 2.01** Building on the community's existing asset base, the Program will achieve its objective through training in agricultural production and agro-processing and building the capacity of the women to take advantage of local initiatives, which will set the stage for sustainable community development starting at the grassroots level. The Program will provide training in agricultural production and marketing of crops and livestock, agro-processing, entrepreneurship, interpersonal and life-coping strategies and determine the feasibility of establishing a Cooperative. The Cooperative will be the vehicle to motivate the beneficiaries to become business owners.
- 2.02** The Program will be delivered in three components as follows: (1) Agriculture and Livestock Training; (2) Training in Agro-Processing; and (3) Training in Interpersonal and Life-coping skills. These training components will be disseminated through learning workshops that will be conducted at the Sixth Company in Morouga, South Trinidad.

Component 1: Agricultural and Livestock Training

- 2.03** This component will consist of two phases: (i) Production of short-term and medium-term crops and herbs, and rabbit rearing. This will be an intensive course of training over a three-month period. Demonstration plots are to be established on the project site so that trainees would be exposed to the practical aspects of production. Best practices regarding production, harvesting and post harvest of the selected crops will be taught using the expert knowledge and experience from the national agricultural production and marketing agencies. Training in all aspects of rabbit husbandry and marketing would be done during this phase through demonstrating practices at the rabbit farm on the project site; and (ii) During the

second three-month phase participants will engage in learning- by- doing exercise, supported by experts until they have sold their first crop and/or first batch of animals. The beneficiaries would also be provided with technical and small business development advice (e.g. developing a cooperative). A consultant, who will be contracted by the Executing Agency, will carry out all activities of this Component 1.

Component 2: Agro-processing

- 2.04** Training in agro-processing would be conducted by a consultant in collaboration with relevant experts from the Ministry of Agriculture on techniques in crop rotation and pest control. This component will also expose students to possible downstream industries from crop production. Short-term crops such as peppers, tomatoes and cassavas may be cultivated for products such as pepper sauces, tomato ketchup and cassava chips and refined cassava flour.
- 2.05** Given the demand for short-term crops in the domestic market, it is envisaged that the production yields would be distributed and marketed as follows: (i) 30% of the produce will go to the Sixth Company rural village community; (ii) 30% will be targeted to markets in neighboring rural districts; and (iii) 40% will be marketed through the Agricultural Development Bank's Import and Export Company which works with small and micro enterprises to buy produce wholesale from small farmers.
- 2.06** Students will be taught the techniques and best practices of preparing these downstream products in a commercial kitchen that would be established on the site. They will also learn how to market their products locally and regionally. The revenue generated will be used to sustain the agro-processing unit.

Component 3: Interpersonal and Life Skills

- 2.07** This component will be conducted concurrently with the vocational skills training and comprise classes in personal development and life coping mechanisms including parenting skills and family life information.
