Dear Mr. Phillip Carlisle,

The purpose of this letter of agreement, hereinafter referred to as the “Agreement”, between the Caribbean Male Action Network hereinafter referred to as the “Beneficiary” or “CariMAN”, and the Inter-American Development Bank, hereinafter referred to as the “Bank”, which we are submitting for your consideration, is to formalize the terms and conditions of a grant for a non-reimbursable technical cooperation to the Beneficiary, up to the amount of one hundred thousand dollars of the United States of America (US\$100,000), which shall be chargeable to the resources of the Bank’s Ordinary Capital allocated to the Strategic Development Program for Social Development, hereinafter referred to as the “Contribution”, to finance the procurement of goods and non-consulting services and the selection and contracting of consultants necessary for the execution of a technical cooperation to engage adolescent males in the reduction of harmful gender norms and promotion of gender equality in Trinidad and Tobago, hereinafter referred to as the “Project”, which is described in the Annex to this Agreement. Unless otherwise stated in this Agreement, the term “dollars” shall hereinafter refer to the currency of legal tender in the United States of America.

The Bank and the Beneficiary agree upon the following:

First. Components of the Agreement. This Agreement consists of this part one, referred to as the “Special Conditions”, part two, referred to as the “General Conditions”, and the Annex attached hereto. The prevalence between the aforesaid parts and the Annex is established in Article 1 of the General Conditions.

Second. Executing Agency. The execution of the Project and the utilization of the resources of the Contribution shall be carried out by CariMAN, hereinafter referred to as interchangeably, the “Executing Agency” or the “Beneficiary”.

Third. Conditions Precedent to First Disbursement. The first disbursement of the resources of the Contribution shall be subject to the fulfillment by the Beneficiary, directly or through the Executing Agency, to the satisfaction of the Bank of the conditions set forth in Article 2 of the General Conditions, as well as the following conditions:

- (a) Evidence has been presented that there is an effective financial reporting system and internal control structure as referred to in Article 12 of the General Conditions; and,
- (b) Evidence has been presented of a signed Memorandum of Understanding between the Executing Agency and Cropper Foundation to delineate the Foundation's support in the execution of the Project.

Fourth. Reimbursement of Expenditures Chargeable to the Contribution. With the consent of the Bank, resources of the Contribution may be used to reimburse expenditures incurred or to finance those that may be incurred in the Project on or after November 12, 2020, and up to the effective date of this Agreement, provided that requirements substantially similar to those set forth in this Agreement have been fulfilled.

Fifth. Deadlines. (a) The period for execution of the Project shall be eighteen (18) months, from the effective date of this Agreement.

(b) The period for disbursement of the resources of the Contribution shall be eighteen (18) months from said date. Any part of the Contribution which has not been utilized within this period shall be canceled.

(c) The aforementioned deadlines and any others that may be stipulated in this Agreement may be extended only when duly justified, and with the written consent of the Bank.

Sixth. Total Cost of the Project and Additional Resources. (a) The Beneficiary undertakes, either directly or through the Executing Agency, as applicable, to make timely provision of the resources required, in addition to the Contribution, for the complete and uninterrupted execution of the Project (hereinafter referred to as the "Additional Resources"). The total amount of Additional Resources required is estimated to be the equivalent of five thousand dollars (US\$5,000), to make up a sum equivalent to one hundred five thousand dollars (US\$105,000), which is estimated to be the total cost of the Project. These estimates do not reduce the obligation of the Beneficiary to provide any additional resources required to complete the Project.

(b) The Additional Resources provided by the Beneficiary may be in kind and shall be used to finance the cost categories which are chargeable to it, as established in the Project's budget set forth in the Annex.

Seventh. Recognition of Expenses Chargeable to the Additional Resources. The Bank may recognize as part of the Additional Resources for the Project expenditures incurred or which may be incurred in the Project on or after November 12, 2020, and up to the effective date of this

Agreement, provided that requirements substantially similar to those set forth in this Agreement have been fulfilled.]

Eighth. Disbursement Currency. The Bank shall disburse the Contribution in dollars.

Ninth. Exchange Rate for Expenditures Incurred in Local Currency. For purposes of Article 9 of the General Conditions, the parties agree that the applicable exchange rate shall be that indicated in paragraph (b)(i) of said Article. In order to determine the equivalency of expenditures incurred in local currency chargeable to the Additional Resources or of the reimbursement of expenditures chargeable to the Contribution, the agreed exchange rate shall be the average exchange rate of the month on/in which the Beneficiary, the Executing Agency, or any other person or legal entity in whom the power to incur expenditures has been vested makes the related payments to the contractor, supplier, or final beneficiary.

Tenth. Procurement of non-consulting services and goods. (a) For purposes of Article 10 of the General Conditions, the Parties agree that the Procurement Policies are those dated May 2019, which are contained in document GN-2349-15, approved by the Bank on July 2, 2019. If the Procurement Policies are amended by the Bank, the procurement of works, non-consulting services, and goods shall be carried out in accordance with the provisions of the modified Procurement Policies, once they are made known to the Beneficiary and the Beneficiary agrees in writing to apply them.

(b) For the procurement of goods and non-consulting services, any of the methods described in the Procurement Policies may be used, provided that such method has been identified for the respective procurement in the Procurement Plan approved by the Bank. The application of the procurement rules, procedures and systems of the Beneficiary or an entity of the Beneficiary will be subject to the provisions of paragraph 3.2 of the Procurement Policies and the provisions of Article 10(b) of the General Conditions.

(c) The threshold for determining the use of international competitive bidding will be made available to the Beneficiary or the Executing Agency, as the case may be, at <https://www.iadb.org/en/projects/project-procurement>. Below that threshold, the selection method shall be determined according to the complexity and characteristics of the procurement, which should be reflected in the Procurement Plan approved by the Bank.

Eleventh. Selection and Contracting of Consultant Services. (a) For purposes of the provisions of Article 10 of the General Conditions, the Parties agree that the Consultant Policies are those dated May 2019, which are contained in document GN-2350-15, approved by the Bank on July 2, 2019. If the Consultant Policies are amended by the Bank, the selection and contracting of consulting services will be carried out in accordance with the provisions of the amended Consultant Policies, once they are made known to the Beneficiary and the Beneficiary agrees in writing to apply them.

(b) For the selection and contracting of consulting services, any of the methods described in the Consultant Policies may be used, provided that such method for the respective procurement has been identified in the Procurement Plan approved by the Bank. The application of the procurement rules, procedures and systems of the Beneficiary or an entity of the Beneficiary will be subject to the provisions of paragraph 3.2 of the Consultant Policies and the provisions of Article 10(b) of the General Conditions.

(c) The threshold for determining the short list of international consultants will be made available to the Beneficiary or the Executing Agency, as the case may be, at <https://www.iadb.org/en/projects/project-procurement>. Below that threshold, the short list may be composed entirely of national consultants of the Beneficiary's country.

Fifteenth. Supervision of the Financial Management of the Project. (a) For purposes of Article 13 of the General Conditions, as of the date of signature of this Agreement, a final financial audit report, audited by an independent firm acceptable to the Bank, has been identified as necessary to supervise the financial management of the Project. The audit report shall be submitted by the Executing Agency within 90 days after the date of the last disbursement.

(b) For purposes of Article 13(a) of the General Conditions, the fiscal year of the Project is the period between January 1 and December 31 of each year.

Sixteenth. Access to Information. (a) The Beneficiary undertakes to notify the Bank, in writing, within a maximum period of ten (10) working days from the date of signature of this Agreement, whether it considers this Agreement to contain information that may qualify as an exception to the principle of disclosure of information under the Access to Information Policy of the Bank, in which case the Beneficiary undertakes to identify such information in the relevant provisions of the Agreement. In accordance with the aforementioned policy, the Bank will make available on its "Web" page the text of this Agreement once it has entered into effect and the

**GENERAL CONDITIONS APPLICABLE TO NONREIMBURSABLE
TECHNICAL COOPERATIONS**

Article 1. Application and scope of General Conditions. (a) These General Conditions set forth terms and conditions generally applicable to all nonreimbursable technical cooperations granted by the Bank, and their provisions form an integral part of this Agreement. Any exception to these General Conditions shall be expressly stated in the text of the Special Conditions.

(b) If any provision of the Special Conditions or of the Annex should present any inconsistency or contradiction with these General Conditions, the provisions of the Special Conditions or the corresponding Annex shall prevail. In case of inconsistencies or contradictions between the Special Conditions and the corresponding Annex, specific provisions shall prevail over general provisions.

Article 2. Conditions prior to first disbursement. (a) The first disbursement of the Contribution shall be subject to the fulfillment of the following requirements by the Beneficiary, directly or through the Executing Agency:

- (i) Designation of the person or persons authorized to represent it in all acts relating to the execution of this Agreement, and submission to the Bank of authenticated specimen signatures of such persons. If two or more officials are designated, the designation shall indicate whether they may act severally or jointly; and
- (ii) Presentation to the Bank of a timetable for the use of the Additional Resources.

(b) If within one hundred eighty (180) days from the date of entry into effect of this Agreement, or within such longer period as the parties may agree in writing, the conditions precedent to the first disbursement established in this Article and in the Special Conditions have not been fulfilled, the Bank may terminate this Agreement by giving notice to the Beneficiary or to the Executing Agency, as the case may be.

Article 3. Requisites for all disbursements. As a condition for all disbursements and without prejudice to the conditions precedent to the first disbursement of the resources of the Contribution established in Article 2 of these General Conditions and/or in the Special Conditions, if any, the Beneficiary or the Executing Agency, as the case may be, undertakes to: (a) present to the Bank in writing, whether physically or by electronic means, in such form and conditions as may be specified by the Bank, a disbursement request together with the pertinent documents and other background materials required by the Bank; and (b) open and maintain one or more bank accounts in a financial institution in which the Bank shall make the disbursements of the Contribution. In addition to the above requirements, none of the circumstances described in Article 7 of these

General Conditions shall have occurred. Unless the Bank otherwise agrees, disbursement requests must be presented no later than thirty (30) calendar days prior to the expiration date of the period for disbursement of the resources or of any extension thereof which the Beneficiary or the Executing Agency, as the case may be, and the Bank may have agreed to in writing.

Article 4. Disbursement procedures of the Contribution. (a) At the request of the Beneficiary or the Executing Agency, as the case may be, the Bank may make disbursements of the resources of the Contribution through: (i) reimbursement of expenditures; (ii) advance of funds; (iii) direct payments to third parties; and (iv) reimbursement under a letter of credit guarantee.

(b) **Reimbursement of Expenditures.** The Beneficiary or the Executing Agency, as the case may be, may request disbursements under the reimbursement of expenditures method when the Beneficiary or the Executing Agency, as the case may be, has paid for eligible expenditures with its own resources. Unless the parties agree otherwise, disbursement requests for reimbursing expenditures shall be made promptly to the extent that the Beneficiary or the Executing Agency, as the case may be, has incurred such expenditures, and not later than sixty (60) days following the conclusion of each calendar semester.

(c) **Advance of Funds.** The Beneficiary or the Executing Agency, as the case may be, may request disbursements under the advance of funds method, chargeable to the resources of the Contribution, in order to cover eligible expenditures of the Project.

- (i) The amount of the advance of funds shall be set by the Bank on the basis of: (aa) the liquidity needs of the Project in order to cover periodic projections of eligible expenditures during a period of up to six (6) months, unless the financial plan provides for a longer period, which in no case may exceed twelve (12) months; and (bb) the risks associated with the capacity demonstrated by the Beneficiary or the Executing Agency, as the case may be, to manage and use the resources of the Contribution.
- (ii) Each advance of funds shall be subject to: (aa) the request for advance of funds being presented in a manner acceptable to the Bank; and (bb) with the exception of the first advance of funds, the Beneficiary or the Executing Agency, as the case may be, having presented a justification for the use of at least eighty percent (80%) of the total cumulative balances pending justification for this purpose, and the Bank having accepted such justification, unless the financial plan specifies a lower percentage, which in no case may be less than fifty percent (50%).
- (iii) The Bank may, during the term of the financial plan, provide for a one-time increase in the amount of the last advance of funds granted to the Beneficiary or the Executing Agency, as the case may be, to the extent that additional resources are needed to pay eligible expenditures that were unforeseen in said plan.

- (iv) The Beneficiary or the Executing Agency, as the case may be, shall present the last advance of funds request no later than thirty (30) days prior to the date of the expiration of the disbursement period established in the Special Conditions or any extension thereof, in the understanding that the justification for such advance of funds shall be presented to the Bank during the closing period as established in Article 5 of the General Conditions. The Bank shall not disburse resources subsequent to the expiration of the disbursement period or any extension thereof.
- (v) The value of each advance of funds to the Beneficiary or the Executing Agency, as the case may be, must be maintained in the equivalent value expressed in the respective disbursement currency. Eligible expenditures incurred with resources of an advance of funds must be justified in the equivalent of the total amount of the advance of funds expressed in the disbursement currency, using the exchange rate established in this Agreement. The Bank may accept adjustments in the justification of the advance of funds due to exchange rate fluctuations, provided that they do not impact the execution of the Project.
- (vi) The Bank may reduce or cancel the total aggregate balance of any advance of funds should the Bank determine that the disbursed resources of the Contribution have not been duly and timely used or justified, to the Bank's satisfaction, in accordance with the provisions established in this Agreement.

(d) **Direct payments to third parties.** (i) The Beneficiary or the Executing Agency, as the case may be, may request disbursements under the method of direct payments to third parties, by means of which the Bank directly pays eligible expenditures to providers or contractors on behalf of the Beneficiary or the Executing Agency, as the case may be.

- (ii) In case of direct payments to third parties, the Beneficiary or the Executing Agency shall be responsible for payment of the amount equivalent to the difference between the amount of the disbursement requested by the Beneficiary or the Executing Agency and the amount received by the third party as the result of exchange rate fluctuations, commissions, and other financial costs.
- (iii) Notwithstanding paragraph (i) above, whenever the Bank so determines, it may, by written notice to the Beneficiary or the Executing Agency, as appropriate, render void the request for direct payment submitted by the Beneficiary or the Executing Agency, as the case may be.

(e) **Reimbursement under a Letter of Credit Guarantee.** The Beneficiary or the Executing Agency, as the case may be, may request disbursements through reimbursement under a letter of credit, in order to reimburse commercial banks for payments made to contractors or providers of goods and services by virtue of a letter of credit issued and/or confirmed by a commercial bank and guaranteed by the Bank. The letter of credit must be issued and/or confirmed

in a manner satisfactory to the Bank. The resources committed under the letter of credit and guaranteed by the Bank shall be used exclusively for the purposes established in the letter of credit for as long as the guarantee remains in effect.

Article 5. Closing Period. (a) The Beneficiary undertakes to carry out, or to cause the Executing Agency to carry out, as the case may be, the following actions within a ninety (90)-day period from the date stipulated for the final disbursement of the Contribution: (i) finalize pending payments to third parties, if any; (ii) reconcile its books and present to the Bank's satisfaction the supporting documentation relating to expenditures charged to the Project and other information that the Bank may request; and (iii) return to the Bank the unjustified balance of disbursed resources of the Contribution.

(b) Notwithstanding the foregoing, if this Agreement provides for external financial audit reports financed with resources of the Contribution, the Beneficiary or the Executing Agency, as the case may be, agrees to reserve, in the manner agreed with the Bank, sufficient resources to cover the payment of the corresponding auditing services. In this case, the Beneficiary or the Executing Agency, as the case may be, also undertakes to agree with the Bank as to how the corresponding payments for such audits will be made. In the event the Bank does not receive the above-mentioned external financial audit reports within the periods stipulated in this Agreement, the Beneficiary or the Executing Agency, as the case may be, agrees to return to the Bank the resources reserved for such purpose, which shall not be construed as a waiver by the Bank to exercise the rights set forth in Article 7 of this Agreement.

Article 6. Expenditures chargeable to the Contribution. The Contribution shall exclusively finance the eligible expenditures included in the categories of expenditures which are set forth as chargeable to the Contribution in the budget contained in the Annex that describes the Project. Only direct and actual expenditures made for the execution of the Project may be charged to the Contribution. Indirect or general operating expenses, which are not included in the Project budget, cannot be charged to the Contribution.

Article 7. Suspension and cancellation of disbursements. (a) The Bank, by means of a notice to the Beneficiary, may suspend disbursements or cancel the undisbursed portion of the Contribution if any of the following circumstances occurs: (i) the failure of the Beneficiary or the Executing Agency, as the case may be, to fulfill any obligation stipulated in this Agreement; or (ii) any circumstance which, in the Bank's opinion, may render unlikely the attainment of the objectives of the Project. Under these circumstances, the Bank shall notify in writing the Beneficiary or the Executing Agency, as the case may be, so that it may present its points of view, and after thirty (30) days from the date of the Bank's notice, it may suspend the disbursement or cancel the undisbursed portion of the Contribution.

(b) Pursuant to paragraph (a) above, the parties agree that upon the occurrence of institutional or organizational changes within the Beneficiary or the Executing Agency, which, in the Bank's opinion, might affect the timely attainment of the Project's objectives, the Bank shall review and evaluate the likely attainment of the objectives and may at its discretion, suspend, condition or cancel the disbursements of the Contribution.

- (c) In addition to the provisions of paragraph (a) above, the Bank may:
- (i) suspend disbursements if it is determined that an employee, agent or representative of the Beneficiary or the Executing Agency has committed a prohibited practice, as defined in Article 8 of these General Conditions (hereinafter “Prohibited Practices”) in connection with the execution of the Project; and
 - (ii) cancel the undisbursed portion of the Contribution if (aa) the Bank determines at any time that a procurement of goods or the contracting of works or non-consulting services was carried out without following the procedures set forth in this Agreement. In this case, the cancellation or early termination will apply to the portion of the Contribution used for such procurement or contracting; or (bb) the Bank determines that any firm, entity, or individual bidding for or participating in a Bank-financed activity, including applicants, bidders, contractors, consulting firms and individual consultants, personnel, subcontractors, subconsultants, providers of goods or services, concessionaires, financial intermediaries, or a Contracting Entity (including their respective officers, employees, and agents, irrespective of whether their authority has been expressly or implicitly granted), has engaged in a Prohibited Practice in connection with the Project; and that the Beneficiary, the Executing Agency, or the Contracting Agency, as the case may be, has not taken adequate remedial measures (including providing adequate notice to the Bank upon learning of the Prohibited Practice) within a period of time the Bank considers reasonable.

Article 8. Prohibited Practices. (a) For the purposes of this Agreement, a Prohibited Practice shall be understood as the practice prohibited by the Bank in connection with the activities it finances, as defined by the Board or that are defined in the future and communicated to the Beneficiary, including among others: corrupt practice, fraudulent practice, coercive practice, collusive practice, obstructive practice, and misappropriation.

(b) In addition to the provisions in Articles 7(c)(i) and 7(c)(ii)(bb) of these General Conditions, if the Bank determines that any firm, entity or individual bidding for or participating in a Bank-financed activity including, inter alia, applicants, bidders, suppliers, contractors, consulting firms and individual consultants, personnel, sub-contractors, sub-consultants, goods and service providers, concessionaires, the Beneficiary or the Executing Agency (including their respective officers, employees, and agents, irrespective of whether the agency is express or implied) has engaged in a Prohibited Practice in connection with the execution of the Project, the Bank may take the following actions, including:

- (i) Denying financing of contracts for the procurement of goods or the contracting of works or consulting or non-consulting services.
- (ii) Declaring a contract ineligible for Bank financing whenever there is evidence that the agent of the Beneficiary, the Executing Agency, or the

Contracting Entity, as the case may be, has not taken adequate remedial measures (including providing adequate notice to the Bank upon learning of the commission of the Prohibited Practice) within a period of time the Bank considers reasonable.

- (iii) Issuing the firm, entity, or individual determined to be responsible a reprimand in the form of a formal letter of censure for its behavior.;
- (iv) Declaring a firm, entity, or individual determined to be responsible for engaging in the Prohibited Practice ineligible, either permanently or temporarily, to participate in Bank-financed activities, whether directly as a contractor or supplier, or indirectly as a subconsultant, subcontractor, or a supplier of goods, consulting services, or non-consulting services.;
- (v) Referring the matter to appropriate law enforcement authorities.
- (vi) Imposing fines representing reimbursement of the Bank for costs associated with investigations and proceedings.

(c) The provisions of Article 7(c)(i) and Article 8(b)(i) shall also apply in cases in which the Contracting Agency or any firm, entity, or individual bidding for or participating in a Bank-financed activity, including applicants, bidders, contractors, consulting firms and individual consultants, personnel, subcontractors, subconsultants, providers of goods or services, concessionaires (including their respective officers, employees, and agents, irrespective of whether their authority has been expressly or implicitly granted) has been temporarily suspended from eligibility to take part in a bidding or other selection process for the awarding of new contracts pending the final outcome of an investigation into a Prohibited Practice.

(d) The imposition of any action to be taken by the Bank pursuant to the provisions referred to above may be made public.

(e) Any firm, entity or individual bidding for or participating in a Bank-financed activity including, inter alia, applicants, bidders, contractors, consulting firms and individual consultants, personnel, sub-contractors, sub-consultants, providers of goods or services, concessionaires, the Beneficiary or the Executing Agency (including their respective officers, employees, and agents, irrespective of whether the agency is express or implied) may be sanctioned by the Bank pursuant to agreements that the Bank may have with other international financing institutions regarding the mutual enforcement of debarment decisions. For purposes of this subparagraph (e) the term “sanction” shall mean any debarment, conditions on future contracting or any publicly-disclosed action taken in response to a violation of an international financing institution applicable framework for addressing allegations of Prohibited Practices.

(f) When a Beneficiary procures goods, works or services other than consulting services directly from a specialized agency under an agreement between the Beneficiary and such specialized agency, all provisions under this Agreement regarding sanctions and Prohibited Practices shall apply in their entirety to applicants, bidders, providers of goods and their agents,

contractors, consultants, personnel, subcontractors, subconsultants, service providers, concessionaires (including their respective officers, employees, and agents, irrespective of whether their authority has been expressly or implicitly granted), or to any other entities that have signed contracts with such specialized agency, to supply goods, works, or non-consulting services in connection with Bank-financed activities. The Beneficiary or the Executing Agency, as the case may be, agrees to adopt, as may be required by the Bank, remedies such as suspension or termination of the corresponding contract. The Beneficiary agrees that the contracts it enters into with specialized agencies shall include provisions requiring them to consult the Bank's list of firms and individuals debarred either temporarily or permanently by the Bank from participating in a procurement or contracting operation financed wholly or partially with resources of the Loan. In the event a specialized agency signs a contract or purchase order with a firm or an individual temporarily or permanently debarred by the Bank as indicated in this article, the Bank will not finance such contracts or expenditures and will apply such other remedies as it deems appropriate.

Article 9. Exchange Rate. (a) The Beneficiary undertakes to justify, or to cause the Executing Agency to justify, as the case may be, expenditures chargeable to the Contribution or the Additional Resources, expressing such expenditures in the currency of denomination of the respective disbursement.

(b) To determine the equivalence of an eligible expenditure incurred in the local currency of the Beneficiary's country in relation to the currency in which the disbursements are made, for purposes of accounting and justification of expenses, regardless of the source of financing of the eligible expenditure, one of the following exchange rates shall be used, pursuant to the Special Conditions:

- (i) The exchange rate in force on the date on which the disbursement currency is converted into the local currency of the Beneficiary's country; or
- (ii) The exchange rate in force on the date of payment of the expenditure in the local currency of the Beneficiary's country.

(c) In those cases in which the exchange rate established in paragraph (b)(i) of this Article is selected, to determine the equivalent of expenditures incurred in the local currency chargeable to the Additional Resources or the reimbursement of expenditures chargeable to the Contribution, the rate used shall be the exchange rate agreed upon with the Bank in the Special Conditions.

Article 10. Selection and contracting of non-consulting services and procurement of goods and contracting of consulting services. (a) Subject to the provisions of paragraph (b) of this Article, the Beneficiary undertakes to carry out or, where appropriate, cause the Executing Agency or the contracting agency, if any, to carry out the procurement of non-consulting services, as well as the procurement of goods, in accordance with the Procurement Policies and the Procurement Plan approved by the Bank, and the selection and contracting of consulting services, in accordance with the Consultant Policies and the Procurement Plan approved by the Bank. The Beneficiary represents that it is aware of the Procurement Policies and Consultant Policies and undertakes to inform the Executing Agency, and the Contracting Agency, as the case may be, of these policies.

(b) When the Bank has satisfactorily assessed and deemed acceptable the procurement rules, procedures and systems of the Beneficiary or an entity of the Beneficiary, the Beneficiary or the Executing Agency, as the case may be, may carry out the procurement and contracting financed wholly or partially with resources of the Contribution using such procurement rules, procedures and systems, in accordance with the terms of the acceptance of the Bank and applicable validated legislation and processes. The terms of such validation shall be notified in writing by the Bank to the Beneficiary and the Executing Agency. Use of the procurement rules, procedures and systems of the Beneficiary or an entity of the Beneficiary may be suspended by the Bank when, in its opinion, changes have occurred in the parameters or practices the Bank used as the basis for its acceptance, until such time as the Bank determines whether such changes are compatible with international best practices. During such suspension, the Procurement Policies and Consultant Policies of the Bank will apply. The Beneficiary, directly or through the Executing Agency, as the case may be, undertakes to notify the Bank of any change in the applicable legislation or processes that have been so accepted. The use of procurement rules, procedures and systems of the Beneficiary or an entity of the Beneficiary does not constitute a waiver of the application of the provisions set forth in Section I of the Procurement Policies and Consultant Policies, including the requirement that the respective procurement and contracting of services be contained in the Procurement Plan and is subject to the remaining provisions of this Agreement. The provisions of Section I of the Procurement Policies and Consultant Policies shall apply to all contracts, regardless of amount or contracting method. The Beneficiary agrees to include, or to cause the Executing Agency, as the case may be, to include in the model bidding documents, contracts, and instruments used in electronic or information systems (in physical or electronic media) measures to ensure the application of the provisions set forth in Section I of the Procurement Policies and Consultant Policies, including the provisions on Prohibited Practices.

(c) The Beneficiary, directly or via the Executing Agency as the case may be, undertakes to update the Procurement Plan at least annually or more frequently, depending on the Project needs. Each updated version of the Procurement Plan shall be submitted for review and approval of the Bank.

(d) The Bank will conduct a review of the selection process, contracting and procurement, as set forth in the Procurement Plan. At any time during the execution of the Project, the Bank may change the method of review of these processes, with prior notice to the Beneficiary or the Executing Agency. The changes approved by the Bank shall be reflected in the Procurement Plan.

(e) For purposes of this Article: (i) "Contracting Agency" means the entity with legal capacity to enter into contracts and, as agreed with the Beneficiary or the Executing Agency, as the case may be, assumes all or part of the responsibility of carrying out the procurement of goods and works, consulting services or non-consulting services for the Project; (ii) "Procurement Plan" means a tool for programming and monitoring the procurement related to the Project, in the terms described in the Procurement Policies and Consultant Policies; (iii) "Procurement Policies" means the Policies for the Procurement of Works and Goods financed by the Inter-American Development Bank in force at the time of the approval of the Project by the Bank; (iv) "Consultant Policies" means the Policies for the selection and contracting of consultants financed by the Inter-

American Development Bank, which are in force at the time of the approval of the Project by the Bank; and (v) “Core Procurement Principles” means the principles that guide the procurement activities and the selection processes pursuant to the Procurement Policies and the Consultant Policies, being the following: value for money, economy, efficiency, equality, transparency, and integrity.

(f) With resources of the Contribution and up to the amount allocated for that purpose in the budget set forth in the Annex that describes the Project, the Beneficiary or the Executing Agency, as the case may be, may procure the goods and contract the consulting services and non-consulting services required for the execution of the Project.

If the parties or the arbitrators fail to agree on who shall be the Referee, or if one of the parties fails to appoint the arbitrator, the Referee shall be appointed, at the request of either party, by the Secretary General of the Organization of American States. If either of the parties fails to appoint an arbitrator, he or she shall be appointed by the Referee. If either of the appointed arbitrators or the Referee is unwilling or unable to act or to continue to act, his or her successor shall be appointed in the same manner as for the original appointment. The successor shall perform the same functions and shall have the same powers as his or her predecessor.
- (b) **Initiation of the Procedure.** In order to submit the controversy to arbitration, the claimant shall address to the other party a written communication setting forth the nature of the claim, the satisfaction or compensation sought, and the name of the arbitrator it has appointed. The party receiving such communication shall, within forty-five (45) days, notify the adverse party of the name of the person it has appointed as arbitrator. - (d) **Procedure.**

- (i) The Tribunal shall be competent only to hear the matter in controversy. It shall adopt its own procedures and may on its own initiative designate whatever experts it considers necessary. In any case, it shall give the parties the opportunity to make oral presentations.
- (ii) The Tribunal shall proceed ex aequo et bono, basing itself on the terms of this Agreement, and shall issue an award even if either party should fail to appear or to present its case.

- (iii) The award shall be in writing and shall be adopted with the concurrent vote of at least two of the members of the Tribunal. It shall be handed down within sixty (60) days from the date on which the Referee has been appointed, unless the Tribunal determines that, due to special and unforeseen circumstances, such period should be extended. The parties shall be notified of the award by means of a communication signed by at least two members of the Tribunal. The parties agree that any award of the Tribunal shall be complied with within thirty (30) days from the date of notification and it shall be final and not be subject to any appeal.
- (e) **Costs.** The fees of each arbitrator shall be paid by the party which appointed him or her and the fees of the Referee shall be paid by both parties in equal proportion. Prior to the convening of the Tribunal, the parties shall agree on the remuneration of any other person who by mutual agreement, they deem should participate in the arbitration proceedings. If such agreement is not reached in a timely manner, the Tribunal itself may determine the compensation that is reasonable for such person under the circumstances. Each party shall defray its own expenses in the arbitration proceedings but the expenses of the Tribunal shall be divided and borne equally by both parties. Any doubt regarding the division of expenses or the manner in which they are to be paid shall be determined, without appeal, by the Tribunal.
- (f) **Notification.** All notifications regarding the arbitration proceeding or the award shall be made in the manner provided in this Article. The parties expressly waive any other form of notification.

In cases of Agreements with Ecuador, the parties agree that, for the purposes of notification, this paragraph (f) shall read: “All notifications regarding the arbitration proceeding or the award shall be made in the manner provided in the Agreement. The parties expressly waive any other form of notification. Notwithstanding the foregoing, any party delivering a notification hereunder must also notify the Attorney General (Procurador General del Estado) of Ecuador.”

ANNEX

THE PROJECT

Adolescents as Agents of Positive Change

I. Objective

- 1.01** The goal of the Project is to engage adolescent males in the reduction of harmful gender norms and promotion of gender equality in Trinidad and Tobago. The objective of the Project is to design the initiatives to encourage positive behavioral and attitudinal changes in adolescent males (components 1 and 2) and to implement the capacity training of non-state actors (component 3).

II. Description

- 2.01** To achieve the objective described above, the Project consists of the following components:

Component 1. Replicating Program H to encourage healthy masculinity attitudes and behaviors in adolescent males

- 2.02** The objective of the component is to contextualize Program H. The following are contemplated to design and develop the Program: (a) Adaptation and sociocultural validation of the methodology, Gender Equitable Men (GEM) scale and materials and videos. A social scientist will be hired to review Program H methodology and materials and make the appropriate adaptive modifications (as well as working on component 2). The consultant will carry out focus group sessions and meetings to present the methodology and discuss the Virtual Reality (VR) tool with the Ministry of Education, the Tobago House of Assembly and school directors as well as, community leaders and NGOs. (b) Revision of the required procedures and protocols, materials, and costing of the Program H implementation in both islands as well as the implementation timeline. (c) Design of focus groups methodology. Discussion groups (mixed-gender, boys only, and girls only settings) to assess the relative prevalence of verbal and other types of sexual harassment in the target population, identify familiar scenarios surrounding these behaviors and their impact on the different stakeholders, as well as gather information on attitudes and social norms.
- 2.03** The product of this component is the Program H methodology adapted to the Trinidad and Tobago context. The result is a Program H ready for implementation in Trinidad and Tobago.

Component 2. Piloting virtual reality to leverage traditional best practices

- 2.04** The goal of the implementation of VR is to promote positive behaviors in adolescent males between the ages of 13 to 16. The VR stimuli will be designed such that male students can gain a new perspective on the way behaviors, that they may have perceived thus far as harmless and form part of becoming a man, negatively impact their female peers (perspective-taking) and, thus, constitute sexual harassment. Pedagogical activities will be designed to capitalize on the newly gained perspective-taking and empathy to open and deepen discussion on these issues.
- 2.05** The objective of the component is the preparation of the VR intervention design, for which a firm, with an interdisciplinary staff and experience in the design of VR experience, will be hired for the following activities:
- (a) (i) Design of embodied VR tool, implementation methodology, program structure and development of manuals. The VR art will be tailored to the culture of Trinidad and Tobago and suited for the participants' age groups. It will be designed to address sexual bullying by provoking emotions in social interactions, allowing participants to "step into the shoes" of others that will support the goal of exploring gender behaviors. The VR stimuli will be designed such that male students can gain a new perspective on the way behaviors, negatively impact their female peers (perspective-taking) and, thus, constitute sexual harassment. Exposure to the VR stimuli will provide first-hand experience for young men to feel the negative emotions that such situations give rise to, with the aim of leading to increased empathy towards their female peers. (ii) Design of pedagogical activities to reflect on the VR experiences and leverage the exposure to start a discussion on the topic and engage in awareness-raising activities on gender roles. These activities will total about 15 hours (in 3-4 sessions of up to 4 hours) and will be facilitated by trained consultants during the implementation phase.
 - (b) Design of focus groups methodology. Discussion groups (mixed-gender, boys only, and girls only settings) to assess the relative prevalence of verbal and other types of sexual harassment in the target population, identify familiar scenarios surrounding these behaviors and their impact on the different stakeholders, as well as gather information on attitudes and social norms. (iii) Design of post interventions measures, including: (1) Evaluation to determine whether the pilot has led to a reduction in the frequency of sexual bullying. The evaluation will examine the effectiveness and strength of exposure to the VR (bodily-illusion, identification with the virtual character, and emotions experienced during viewing); the baseline, 6 months and 12 months surveys and methodologies will be elaborated. (2) Self-report perpetration and victimization will be measured after a certain timeframe following the intervention, TBD based on diagnostic phase. (3) Follow-up questionnaires on social norms assessment, perpetration, and victimization.
- 2.06** The product of this component is a contextualized embodied VR immersion experience designed, and the result is a package of VR design and associated instruments and tools ready for implementation and, its impact evaluation.

Component 3. Enhancing accountability of NGOs that are promoting healthy masculinities

2.07 The objective of the component is the provision of managerial tools, thematic knowledge on gender issues and best practices that will enable the NGOs to initiate constructive and sustainable initiatives with men and boys and promote positive masculinities:

- (a) The component will contribute resources to strengthening civil society organizations in Trinidad and Tobago that work with men and boys. The component will finance the following activities: (a) Mapping of the NGOs meeting the criteria of: (a) advocating against gender-based and/or sexual violence; encouraging male engagement as fathers and caregivers; working with adolescent males on positive masculinities. (b) are legally registered (c) have membership of at least ten (10) individuals or organizations and (d) are in operation as of December 2018. Invitations to meetings will be sent countrywide and meetings will be conducted to identify the challenges of the communities they serve and their needs in capacity building and thematic subjects. (b) Design and implementation of a curriculum on masculinities and issues men face in Trinidad and Tobago. The courses will include topics on gender equality, socialization of boys and girls, gender identification, and gender and sexual violence. An overview of the country's legal framework, policy commitment and institutional structure to promote gender equality will also be included. The course will be offered to state and non-state participants. The Institute of Gender and Development Studies of the University of West Indies at St. Augustine (UWI-IGDS) will be hired to carry out this activity.
- (b) All courses will be offered online and presential to fifty (50) civil society organizations and interested individuals. The NGOs identified in (a.) above will participate free of charge from the capacity and courses on gender equality and masculinity offered by UWI-IGDS. All other participants will be asked to pay a nominal fee for the administration of the courses by UWI. Access to internet services for participants identified in a. above will be provided on a need-to basis. Wi-Fi and data will be purchased from a service provider for the duration of the courses.
- (c) Capacity building program to equip NGOs with the skills and tools to develop effective management and increase sustainability. The courses will include communications and outreach in the digital world; leadership and networking; basics of project management, monitoring and evaluation. The final list of courses will be based on the need's identification (numeral a. above). Several courses on these topics are available online and the Contribution will either finance, payments for participation in the courses or, if needed, the design of any tailored course. In cases where certificates are provided, the executing agency will carry out due diligence on the merits of the service providers.
- (d) A consultant will be hired to carry out the baseline and 3-months post external evaluation of the curriculum on masculinities and capacity building training. The evaluation will assess the results achieved during the training; and determine the relevance and effectiveness of the training.

- 2.08** The products will include: (i) needs assessment reports (ii) monitoring and evaluation methodology for the capacity building and masculinity courses (iii) design and implementation of capacity building training (iv) design and implementation of masculinity courses and (iv) evaluation of the training services provided. As a result, all participating non-state actors increase their knowledge of gender issues.

Project Coordination.

- 2.09** A Coordinator will be hired to lead the Project implementation. One part-time procurement specialist and one part-time accountant will be hired to assist the Executing Agency in the application of the Bank's fiduciary regulations.
- 2.10** The product of this component is (i) the Project coordination unit established and functioning.

Audit.

- 2.11** The objective of this component is to evaluate the training activities and the uses of the financial resources. This component will finance the (i) the baseline and 3-months post external evaluation of component 3 and (ii) external audit of the uses of the Contribution. The training impact evaluation (12 to 18 months after training completion will be carried out during the implementation phase of components 1 and 2).
