November 10, 2021

## **GUARANTEE CONTRACT**

CONTRACT entered into on the 10 day of November 2021, between BELIZE (hereinafter called the "Guarantor") and the INTER-AMERICAN DEVELOPMENT BANK (hereinafter called the "Bank").

### **ANTECEDENTS**

Pursuant to Loan Contract No. 5318/OC-BL (hereinafter referred to as the "Loan Contract") entered into this day, November 10, 2021, between the Bank and the DEVELOPMENT FINANCE CORPORATION (DFC), (hereinafter called the "Borrower" or "DFC"), the Bank has agreed to grant to the borrower financing of up to the sum of fifteen million dollars of the United States of America (US\$15,000,000), forming part of the Ordinary Capital Resources of the Bank, on condition that the Guarantor jointly and severally guarantee the obligations of the Borrower set forth in said Loan Contract and that the Guarantor undertakes to carry out the additional obligations regarding the Guarantor set forth in this Contract.

**IN VIEW OF THE FOREGOING**, the contracting parties hereby agree as follows:

1. The Guarantor shall be jointly, severally and unconditionally responsible for all the obligations contracted by the Borrower in the aforesaid Loan Contract, with which the Guarantor declares it is familiar in all respects.
2. The Guarantor agrees to provide, or to cause to be provided, the additional national resources necessary to execute the Program referred to in the Loan Contract when the funds contemplated for that purpose shall prove inadequate or not be available at the appropriate time.
3. The Guarantor agrees that in the event any encumbrance is created on its assets or revenues to secure an external debt, it shall at the same time establish an encumbrance on such assets or revenues which shall secure equally and proportionately the fulfillment of the obligations incurred under this Contract. The foregoing provision shall not apply: (i) to any encumbrance created on purchase goods as security for the payment of the unpaid balance of the purchase price; and (ii) to encumbrances created in banking operations to guarantee payment of debts with maturities of not more than one year. The phrase "assets or revenues" for the purpose of this Contract shall mean all types of assets or revenues which belong to or are received by the Guarantor or any of its dependent agencies which are not autonomous entities with their own separate capital.
4. The Guarantor agrees to:
  - (a) Cooperate fully to assure the fulfillment of the purposes of the Financing.

(b) Advise the Bank as soon as possible of any condition of which the Guarantor is aware which interferes or might interfere with the accomplishment of the purposes of the Financing or the fulfillment of the obligations of the Borrower.

(c) Furnish to the Bank all information which the latter may reasonably request regarding the situation of the Borrower.

(d) Cooperate with the representatives of the Bank to enable them to discharge their functions in connection with the Loan Contract and the execution of the Program.

(e) Inform the Bank as soon as possible in case it has provided funds for the service of the Loan pursuant to the discharge of its obligations as Guarantor.

5. The Guarantor agrees that the principal, as well as interest, fees, and other charges under the Loan shall be paid without any deduction or restriction and shall be free from all taxes, fees, or other charges which are or may be required by any law in BELIZE and that both this Contract and the Loan Contract shall be exempt from all taxes, fees or other charges which may be applicable in connection with the execution, issuance, delivery, registration or implementation thereof.

6. The responsibility of the Guarantor shall be terminated only by the fulfillment of the obligations contracted by the Borrower, and accordingly the Guarantor may not allege in discharge of its responsibility that the Bank has granted extensions or concessions to the Borrower or has failed to exercise or has delayed in the exercise of its rights against the Borrower.

7. Delay by the Bank in the exercise of its rights under this Contract or failure to exercise them, shall not be construed as a waiver by the Bank of any such rights nor as acquiescence in the circumstances that would have empowered it to exercise them.

8. Any controversy arising between the parties as to the interpretation or application of this Contract which is not settled by agreement between them shall be submitted to arbitration in the manner specified in Chapter XII of the General Conditions of the Loan Contract. In any such arbitration, all references to the Borrower in said Chapter shall be considered applicable to the Guarantor. If the controversy affects both the Borrower and the Guarantor, they shall act jointly in appointing an arbitrator.

9. Any notice, request or communication between the parties pursuant to this contract shall be in writing and be deemed as given, made or sent by either party to the other when delivered by any usual means of communication at the following addresses:
