WINNING CONSULTANT; PRICE OF CONTRACT; DURATION OF CONTRACT

TechniPlan S.p.A & Apia XXI; \$ 379,200.00; 4 Months

SUMMARY OF CONTRACT SCOPE

Preparation of a Feasibility Study (FS), including preliminary design, to evaluate the traffic, engineering, economic, social, environmental, maintenance and institutional aspects of the rehabilitation of the road, including the preparation of an Environmental and Social Impact Assessment (ESIA). The product of the ESIA will be an analysis of the direct, indirect and cumulative environmental and social impact from the rehabilitation work and during the operation of the Meerzorg Albina Road. Also, the ESIA will be followed by the design of an Environmental and Social Management Plan, that will be developed in order for the project to be environmentally and socially sound. The EIA, will incorporate a Social Impact Assessment (SIA), which address, a culturally adequate consultation and participation process.

Consultants who submitted Proposals and were not selected may obtain a debriefing either in the form of a meeting or in writing. Contact information to that effect is indicated below.
