Re: Disclosure of information
Corinsa Self-Supply Solar (HO-L1099)

Dear Sir,

The IDB policy on Disclosure of Information requires certain documents to be made available to the public during the IDB's analysis (due diligence) of the proposed project. The public access to IDB documents is through the Public Information Center (PIC) at IDB Headquarters in (Washington, D.C.), through the IDB's in country Representation Office and via the IDB website (with the exception of Environmental Impact Assessments).

The IDB hereby requests that Corinsa provide written consent authorizing the IDB to publicly release, according to IDB requirements, the following document(s) related to Corinsa Self-Supply Solar:

Project Abstract
Environmental and Social Management Report

Please complete the attached standard letter of consent and return the letter to the IDB as soon as possible.

The IDB sincerely appreciates your prompt action and response.

Sincerely,

Patrick Doyle

Re: Authorization for Disclosure of Information
Corinsa Self-Supply Solar, S.A.

Dear Sirs:

We hereby authorize IDB to publicly release the Project Abstract and Environmental and Social Management Report in accordance with, and as required by the IDB policy on information disclosure. We understand that IDB will make available this document at the Public Information Center at IDB Headquarters (Washington, DC), at the IDB's in-country Representation Office, and via the IDB's website (with the exception of Environmental Impact Assessments).

Sincerely,

A handwritten signature in black ink, consisting of several overlapping, fluid strokes that form a stylized, somewhat abstract shape.
