

Country: JAMAICA

Project: INTERNATIONAL FINANCIAL REPORTING STANDARDS

Sector: Consultants

TECHNICAL PROJECT MANAGER

Technical Cooperation Project No. ATN/MT-8113-JA

The Institute of Chartered Accountants of Jamaica has entered into a grant funding agreement with the Inter-American Development Bank (IDB) to implement an integrated program that ensures the application of international financial reporting and auditing standards in Jamaica, the establishment of an effective monitoring program and the provision of support for Small and Medium Size Enterprises (SMEs).

A dynamic Technical Project Manager, who is also an experienced accounting professional, is the ideal candidate for this challenging position. The individual appointed needs to possess a professional accounting designation or an advanced academic qualification in accounting or a related field. The candidate must be comfortable with the international regulatory environment for accounting as well as accounting and auditing standards and practices.

This 36-month position requires an individual who can set a clear strategic direction for the team, aimed primarily at delivering a balanced, consistent and effective training programme and a sustainable compliance-monitoring regime.

The range of experience of the ideal candidate should include work at a supervisory level with internationally funded projects, auditing and a proven track record in management. Knowledge of International Financial Reporting Standards would be advantageous.

The candidate should be a strong communicator with high credibility, excellent team-building skills and a demonstrated ability to direct change and build positive institutional relationships.

Interested persons from MIF member countries should send a current resumé with a covering letter, which details his/her suitability for the position, by 30 January 2004 to:
