(e) Reference Rate:

3-Month USD-LIBOR-BBA

“3-Month USD-LIBOR-BBA” means the rate for deposits in USD for a period of 3 months which appears on Reuters Screen LIBOR01 (or such other page that may replace that page on that service or a successor service) as of the Relevant Time on the Interest Determination Date;

“Relevant Time” means 11:00 a.m., London time;

“Interest Determination Date” means the second London Banking Day prior to the first day of the relevant Interest Period; and

“London Banking Day” means a day on which commercial banks are open for general business, including dealings in foreign exchange and foreign currency deposits, in London.

If such rate does not appear on Reuters Screen LIBOR01 (or such other page that may replace that page on that service or a successor service) at the Relevant Time on the Interest Determination Date, then the rate for 3-Month USD-LIBOR-BBA shall be determined on the basis of the rates at which deposits in USD are offered at the Relevant Time on the Interest Determination Date by five major banks in the London interbank market (the “Reference Banks”) as selected by the Calculation Agent, to prime banks in the London interbank market for a period of 3 months commencing on the first day of the relevant Interest Period and in an amount that is representative for a single transaction in the London interbank market at the Relevant Time. The Calculation Agent will request the principal London office of each of the Reference Banks to provide a quotation of its rate.

If at least two such quotations are provided, the rate for 3-Month USD-LIBOR-BBA shall be the arithmetic mean of such quotations. If fewer than two quotations are provided as requested, the rate for 3-Month USD-LIBOR-BBA shall be the arithmetic mean of the rates quoted by major banks in New York City, selected by the Calculation Agent, at approximately 11:00 a.m., New York City time, on the first day of the relevant Interest Period for loans in USD to leading European banks for a period of 3 months commencing on the first day of the relevant Interest Period and in an amount that is representative for a single transaction in the London interbank market at such time.

If no quotation is available or if the Calculation Agent determines in its sole discretion that there is no suitable bank that is prepared to provide the quotes, the Calculation Agent will determine the rate for 3-Month USD-LIBOR-BBA for the Interest Determination Date in question in a manner that it deems commercially reasonable by reference to such additional resources as it deems appropriate.

General Information

Additional Information Regarding the Notes

1. The EU has adopted a Directive regarding the taxation of savings income (the “Savings Directive”). The Savings Directive requires Member States (as defined below) to provide to the tax authorities of other Member States details of payments of interest and other similar income paid by a person to an individual in another Member State, except that Austria and Luxembourg will instead impose a withholding system for a transitional period unless during such period they elect otherwise.

The Bank undertakes that it will ensure that it maintains a paying agent in a country which is a member of the European Union (a “Member State”) that will not be obliged to withhold or deduct tax pursuant to the Savings Directive.

2. United States Federal Income Tax Matters

United States Internal Revenue Service Circular 230 Notice: To ensure compliance with Internal Revenue Service Circular 230, prospective investors are hereby notified that: (a) any discussion of U.S. federal tax issues contained or referred to in this Pricing Supplement, the Prospectus or any other document referred to herein is not intended or written to be used, and cannot be used, by prospective investors for the purpose of avoiding penalties that may be imposed on them under the United States Internal Revenue Code; (b) such discussions are written for use in connection with the promotion or marketing of the transactions or matters addressed herein; and (c) prospective investors should seek advice based on their particular circumstances from an independent tax advisor.

The following supplements the discussion under the “Tax Matters” section of the Prospectus regarding the U.S. federal income tax treatment of the Notes, and is subject to the limitations and exceptions set forth therein. Any tax disclosure in the Prospectus or this pricing supplement is of a general nature only, is not exhaustive of all possible tax considerations and is not intended to be, and should not be construed to be, legal, business or tax advice to any particular prospective investor. Each prospective investor should consult its own tax advisor as to the particular tax consequences to it of the acquisition, ownership, and disposition of the Notes, including the effects of applicable U.S. federal, state, and local tax laws and non-U.S. tax laws and possible changes in tax laws.

Due to a change in law since the date of the Prospectus, the second paragraph of “—Payments of Interest” under the United States Holders section should be read as follows: “Interest paid by the Bank on the Notes constitutes income from sources outside the United States and will, depending on the circumstances, be “passive” or “general” income for purposes of computing the foreign tax credit.”

Information with Respect to Foreign Financial Assets. Owners of “specified foreign financial assets” with an aggregate value in excess of \$50,000 (and in some circumstances, a higher threshold) may be required to file an information report with respect to such assets with their tax returns. “Specified foreign financial assets” may include financial accounts maintained by foreign financial institutions (which may include the Notes), as well as the following, but only if they are not held in accounts maintained by financial institutions: (i) stocks and securities issued by non-United States persons, (ii) financial instruments and contracts held for investment that have non-United States issuers or counterparties, and (iii) interests in foreign entities. Holders are urged to consult their tax advisors regarding the application of this reporting obligation to their ownership of the Notes.

Medicare Tax. A U.S. holder that is an individual or estate, or a trust that does not fall into a special class of trusts that is exempt from such tax, will be subject to a 3.8% tax (the “Medicare tax”) on the lesser of (1) the U.S. holder’s “net investment

income” for the relevant taxable year and (2) the excess of the U.S. holder’s modified adjusted gross income for the taxable year over a certain threshold (which in the case of individuals will be between \$125,000 and \$250,000, depending on the individual’s circumstances). A holder’s net investment income will generally include its gross interest income and its net gains from the disposition of Notes, unless such interest payments or net gains are derived in the ordinary course of the conduct of a trade or business (other than a trade or business that consists of certain passive or trading activities). If you are a U.S. holder that is an individual, estate or trust, you are urged to consult your tax advisors regarding the applicability of the Medicare tax to your income and gains in respect of your investment in the Notes.
