This notice appears in *UN Development Business Online* only and not in the printed version. Although this notice is assigned to a specific print issue, the official publication date of this notice is considered the date that it is posted online.

The Government of Suriname has received financing from the Inter-American Development Bank (IDB) toward the cost of the Public Sector Management Strengthening Program, and it intends to apply part of the proceeds for consulting services in improvement of the Government's procurement system.

The services include:

- Draft a new Procurement Regulatory Framework and Procedures
- Implement short-term improvements within existing legislative framework
- Develop and implement Procurement Information System/Web portal

The Program Coordinating Unit of the Ministry of Home Affairs in Suriname now invites eligible consultants to express their interest in providing the services. Interested consultants must submit information establishing that they are qualified to perform the services (brochures, description of similar assignments, experience in similar conditions, availability of appropriate skills among staff, etc.). Consultants may associate to enhance their qualifications.

A consultant will be selected in accordance with the procedures set out in the IDB's *Policies for the Selection and Contracting of Consultants financed by the Inter-American Development Bank* (current edition).

Interested consultants may obtain further information at the address below during office hours (0800 to 1500). Expressions of interest must be delivered to the same address by 31 May 2007.
